"The Love Girl" will be just as distinctive among photoplays as "Shoes" proved to be when recently shown upon the screen. The latest Bluebird will be exhibited at the Sherry theatre on Tuesday and Wednesday with Ella Hall in the leading role, young Harry Depp assisting her in turning the trend of the plot from impending disaster to the happiest of endings. Robert Z. Leonard has developed a highly interesting story along entirely original lines, introducing a novel theme to lend excitement and add sensationalism to an interesting love narrative. There is every element to entice those all types of theatregoers, and a splendid company of photoplayers extract the last measure of possibility for good entertainment from the abundance of opportunity at hand.

Rebuild Muscles in Those Crippled
 Baltimore, Md., Aug. 22.—The Johns Hopkins Hospital today began to direct a campaign against infantile paralysis, first by institution research work calculated to isolate, if possible, the virus and then to formulate an effective serum.
 Surgeons learned that the contractions of hands and feet from the effect of the virus on the cerebral centres could be corrected by a very simple process with the knife. Silk ligaments of heavy fibre are spliced on the frayed ends of healthy tendons in arms or legs and then inserted into the distal ends of deadened muscles. Nature does the rest when the incisions heal and healthy muscle clings to the fibre of silk and grows about it like vine tendrils.

ARCADE

"Alias Jimmy" No Longer a Crackman.

H. B. Warner, the English actor famed for his "Alias Jimmy Valentine" on the speaking stage, will make his debut as a star of the screen Wednesday and Thursday when he is presented by Thomas H. Ince in a red-blooded Triangle-Kay Bee feature, entitled "The Raiders."
 Written by J. G. Hawks and directed by Charles Swickard, under the supervision of Thomas H. Ince, the production is said to be among the most likable of Ince's stories, and an especially strong vehicle for the introduction of Warner to the photoplay world.

Warner plays the part of Scott Wells, a junior clerk in a New York brokerage firm, whose daring, combined with the deft handling of a colossal business deal, forms the basis of the narrative. The role is one that fits the actor's talents admirably.

The scenes are laid in New York City and the Adirondack mountains, and the action moves with great swiftness. Many of the incidents in the tale occur in the New York Stock Exchange, and for the filming of these an exact reproduction of the exchange was constructed—one of the largest and most realistic sets ever built.

Warner's leading woman is Dorothy Dalton, who already has been seen by Triangle patrons in "The Disciple" with William S. Hart.

Countess Von Bernstorff Returning.
 Washington, Aug. 29.—No more will German Ambassador, Count von Bernstorff be seen driving gaily about Washington alone in his high-powered roadster—one of the war bachelors of the Diplomatic Corps. The Count expects to be joined in a few days by Countess von Bernstorff, whom he has not seen since the European war began and who is today on her way from Berlin aboard the Frederick VIII. Countess von Bernstorff is expected to reach New York early in September aboard the Scandinavian-American liner. It will be a return for the Countess to her native country, for she was born in New York, daughter of a naturalized American. Before her marriage the Countess was Miss Jeanne Luckemeyer. Her mother was a member of an aristocratic German family, and her relatives were prominent in the German Imperial Court. Count von Bernstorff married Miss Luckemeyer in 1887. They have a son and a daughter. The son, Count Gunter von Bernstorff, is attached to the Great General Staff.
