MOSES' PEDIGREE SHOWN. Educator in Address to Ministers Takes Them by Surprise. College, Park, Md., Aug. 28—An intensive study of tenantry, with texts for sermons, the history of agriculture and a plea for sheepraising, were on the program at a session of the country school for ministers.

Professor R. T. Ruffner, in his talk on "Sheep Raising" took the divines by surprise when he flashed a genealogical table of Moses, drawn up in regular pedigree fashion, to illustrate his remarks upon the principles of breeding.

TO DARKEN HAIR APPLY SAGE TEA. Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use.

While wispy, gray, faded hair is not stylish, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

Glass of Hot Water Before Breakfast a Splendid Habit. Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

UMATILLA'S AVERAGE HIGH

HIGHEST YIELD RUNS TO 52 BUSHELS. Bulk of Grain in Pendleton Country Now in Sack.

Pendleton, Aug. 29.—The bulk of Umatilla county's five million bushel 1916 wheat crop is in the sack and this week should bring to a close a large portion of the harvesting in the county. Reports are that the crop this year was about normal. The general average throughout the county was between 35 and 40 bushels to an acre.

The highest average reported was that of James Hill of Helix whose grain on the home place went 52 bushels to the acre. Arnold Planting of Helix harvested 3200 sacks or approximately 7200 bushels of wheat from 140 acres, an average of 51 bushels to the acre. J. B. Kennedy who has a farm in the Helix section reports his grain averaged 45 bushels to the acre.

In other sections the yield was a little below average. Robert Jones who farms north of town was hit considerable with a hail storm in June. Joe Snyder, north of the city, had a 34 bushel crop as did William McCarty in the south Cold Springs district.

Forty bushel wheat in the Helix and Adams country was plentiful this year. A number of the big farmers as George Peeringer and Will Wyrick are unable to estimate the yield as they have considerable harvesting yet to do. Of the 1916 crop there is probably about half contracted to a local grain dealer. Most of this has been sold at from \$1 to \$1.15 a bushel.

Safeguard Your Child.

DOG USES TELEPHONE.

Ultra Modern Pet Hears Master's Voice and Obeys. Rochester, N. Y., Aug. 28.—A distance of seven miles between such a dog as Nipper and his master, William G. McKay, of Penn Yan, is nothing at all, for Nipper happens to be one of those ultra-modern dogs who use the telephone and other modern conveniences.

Mr. McKay went to a friend's cottage on Lake Keuka to spend the night fishing. The next morning, when he was ready to return home, Mr. McKay whistled for Nipper, but the dog did not appear and his master returned home without him.

An hour or so later Mr. McKay's friend called him on the telephone and informed him that Nipper had returned, but that all efforts on his part to send him home had been futile.

"That's all right," said Mr. McKay "Just lift him to the telephone and put the receiver to his ear." His friend followed instructions and told Mr. McKay to deliver his message.

"Nipper, come home right away," said Mr. McKay sternly. Nipper barked, "Yes, sir, all right!" or something like that into the mouth-piece and, slipping to the floor, dashed madly for Penn Yan, covering the seven miles in less than an hour.
