Eagle Fights Chinese Cock

Peking, China, Sept. 16.—After trimming the feathers and otherwise disguising their mascot eagle, the United States Marines attached to the American Legation here recently succeeded in matching their bird of freedom to fight a previously undefeated cock which was the pride of the Chinese sporting element.

Upon being placed in the pit, the eagle went to sleep. The cock, full of pepper, bravely handed his adversary two blows. This was too much for the Marine mascot; he awoke from his dream of the snow-capped Sierras and deliberately pulled the chicken's head off.
