

Corns Tired Feet

A corn on the toe, on the bottom of the foot, or in between the toes, suggests its own agonizing power. Corns can be relieved, corns can be removed. Our advice is to try Nyal's Corn Remedy in preference to any other.

Dust Nyal's Eas'em in the shoes and in the stockings, and tired, aching, sweaty feet will find almost immediate relief. A rapid, efficient idea, and well worth trying.

Other New Silk and Crepe Waists \$2.68, \$3.68, \$4.48

THE REASON

THROUGH the co-operation of several hundred good stores with a maker of fine Blouses, are the remarkable values possible. The orders were placed by the retailers early—permitting the manufacturer in turn, to then place his order with the Mill, and both because of his large quantity purchase and the time at which purchase was made, the price paid for the Silk represented a tremendous saving. Then, too, the method of manufacture greatly reduced the making cost—and the selling costs were entirely eliminated. All of these savings have gone into the Waists—and the prices quoted are radically under what the Waists would sell for if bought in the usual way.

NEW WIRTHMOR WAISTS
