# The Cold Weather

SHOULD REMIND YOU THAT "the Good Old Summer Time" is about over, and that Jack Frost will soon be here. Time to put up that stove, clean out the furnace, ditch your Summer clothes, and prepare for Zero weather. You will need some of our REAL Coal. Coal prices are higher than in June and July, but you can still save some money, by getting your fuel now. Coal and Wood will be higher this winter than last. Our Coal must be GOOD or we couldn't have sold 20 cars in the last month.

Shoot some of our famous HIAWATHA or ROCK SPRINGS in to that furnace, start her up on high and watch her go. COAL, STOVE WOOD, CHAIN WOOD, FEED, HAY, STORAGE, DRAYAGE.

# PALMER LANDS

Now Exhibited in Our Office

We have a collection of photographs that give as general and exact an idea of the Palmer Logged-over lands as is possible without a personal investigation. Undoubtedly this is the best bargain in new lands offered anywhere in the Northwest.

INVESTIGATE AT ONCE

PRICE—Only \$15.00 per acre.

TERMS—One-tenth down and one-tenth each year, interest 6 per cent.

LOCATION—In Union County, 10 miles from Elgin, 30 miles from La Grande, 1 to 4 miles from Palmer Junction where there is a general merchandise store, postoffice, railway station on the O. W. R. & N. with daily mail and freight service.

ALTITUDE—2600 feet. (Lower than La Grande).

CLIMATE—Mild, no wind, 30 inches rainfall, no late frosts.

CLEARING—Palmer lands were cut over several years ago; and the white pine stumps, having no tap root and being filled with pitch are easily burned or pulled.

WATER—These lands are well watered from springs and living creeks, while good well water is found within a few feet.

CROPS AND STOCK—A natural hay, grain, stock and dairy country. Cattle, sheep, hogs, horses and poultry are being raised with fine success. Vegetables, potatoes, berries and fruit are also grown with excellent results.

SCHOOLS—There is a good 8 months school in the center of these lands.

SETTLERS—About 4000 acres of these lands have already been sold and at least 20 families are now living on their places.

## ARCADE

Brilliant Attraction Booked.

During the filming of the scenes of the Jesse L. Lasky production of "The Selfish Woman" for the Paramount program, which will be seen at the Arcade Friday and Saturday, and in which Wallace Reid and Cleo Ridgley, the two brilliant Lasky stars, play the leading roles, Miss Ridgley, while dashing through the burning village at the head of the sheriff's posse, was overcome by the fumes of the sulphur and slipped unconscious from her horse. In the dark the other horsemen were about to ride over her when she was spied by one of the cowboys, who threw himself in the way. In discussing the accident Miss Ridgley said: "I don't remember a thing that happened from the time I struck the smoke until I found myself being revived, although they tell me I went through my part without a mistake."

## SHERRY'S

Sherry's, Today and Tomorrow.

Movie fans of America: Meet little Miss June Caprice, 17 years old, who within one year will be the most popular little girl in all the wide world of the movies.

Mr. Fox commissioned six representatives to go forth into the big, broad highways of American life and find him the most typical, smiling, happy little beauty without experience.

During the world's series baseball games in Boston, June Caprice appeared at the game in place of Miss Pickford, and as Miss Pickford, and was wildly cheered by 30,000 fans, was photographed by the reporters of a score of cities without one of them ever suspecting that he was not talk-

ing to the real Little Mary of film-land. You will now have the opportunity to see the first public appearance in the photodrama, "Caprice of the Mountains," in which she is starred—a real star—with Harry S. Hilliard, the handsome movie actor.

### Evergreen Blackberry Fair Sept. 30.

Lebanon, Or., Sept. 18.—An event of note in the Santiam valley will be the Evergreen Blackberry fair to be held at Sweet Home September 30. The fair association there has put out a liberal premium list and is offering prizes also on stock, poultry and other farm products. The fair will last for one day, and the prospects for a good display and a large attendance are very encouraging.

### Wild Bullet Kills Homesteader.

Astoria, Or., Sept. 19.—When a wild bullet from the revolver of a friend who was shooting at a target struck Samuel Tronbull, a Tillamook county homesteader, Saturday noon, Tronbull dropped dead with a wound in his heart. He was a native of Norway, was 34 years old and leaves a brother, Ole Tronbull, of Everett, Wash.; one sister in New York, and his parents in Norway.

### Students Will Lose Wages.

Hood River, Or., Sept. 18.—The fact of the Stanley-Smith Lumber company here passing into the hands of a receiver has financially embarrassed a number of college students. They have been working all summer for the company, allowing their wages to accumulate with the thought of drawing their money in a lump sum as soon as school opened in the fall.

### County Commissioners to Meet.

Salem, Ore., Sept. 20.—President Rufus C. Holman of the Oregon Association of County Judges and Commissioners has called a meeting of the association at Salem September 29 for the purpose of securing funds for representing Oregon farm products at the International Farm congress at El Paso, Texas, October 17-26. No

money is available from the state treasury for this purpose, nor from the agricultural colleg, and it is up to the counties to contribute money if the state is to be represented.

### This Is Treason.

(Medford Mail.)

What has become of the once famous Medford spirit that did things? Has the anvil chorus of knockers succeeded in discouraging the progressiveness and enterprise it has not already driven out of the city?

It begins to look so. Meanwhile we are drifting—where, the Lord only knows, but anyone can guess.

### A Ukeles Tragedy.

(Medford Sun.)

A sentimental tragedy occurred on South Orange street Tuesday night, when a couple of dashing young men, with their ukeles, appeared in front of a home and commenced to lift their voices in love lullabies. They kept it up for an hour, when a citizen who protested against roosters crowing phoned the police to come out and stop the racket. The singing youths thought they were serenading a young lady about to leave for college. Just before the police arrived the mother of the girl came out and told the cavaliers that the girl had left for school the day before.

### Shipbuilding Company Files.

Salem, Or., Sept. 20.—Articles of incorporation were filed at the state corporation department this morning by the trustees of the University of Greater Portland, and by the Health Shipbuilding company of Portland, the last named giving its capital stock as \$100,000.

### To Adjudicate Water Rights.

Salem, Ore., Sept. 13.—Assistant State Engineer Copper left yesterday for Hood River to begin the adjudication survey of the water rights on the East Fork of Hood River and its tributaries. Recently the supreme court in the case of the Oregon Lumber Company vs. the East Fork Irrigation District referred the question of the adjudication of the rights of the stream to the state engineer.

### Tells of Woman's Party's Aims.

Albany, Ore., Sept. 13.—Miss Margaret Gertrude Fendall, representing the National Woman's party, told the members of the local W. C. T. U. that suffragists were opposed to the re-election of President Wilson or any democratic congressman, because of their failure to bring the matter of national suffrage before the last session of congress.

### November is Another Story.

(New York "American.")

According to Mr. Wilson's National Committee and Mr. Wilson's personal organs, the Democratic candidate has the election won right now. As usual, history is engaged in repeating herself.

We cannot remember a Presidential election in which the Democratic candidate was not certainly elected—in August.

### Republican Committeemen Named.

Boise, Idaho, Sept. 21.—Evan Evans of Grangeville again was elected chairman of the Republican state central committee. The meeting passed without a fight. W. C. Gregory was chosen secretary of the central committee to succeed C. E. Elmer, who was named publicity secretary. S. L. Hodgkin of Boise was re-elected vice chairman of the committee. Twenty-nine counties were represented at the meeting. There were no contests for presidential electors, the four men elected being chosen from different sections of the state, as follows: Ignatz Weil, Sand Point; D. W. Church, Pocatello; Judge Edward Walters, Twin Falls; W. H. Estabrook, Idaho City.

### Barney Oldfield at Pendleton.

Pendleton, Sept. 21.—Among the prominent visitors of national reputation who will arrive today to attend the Round-Up is Barney Oldfield, the internationally famed auto speed demon. He is making the trip by automobile.

# "Y" SCHEDULE OUT FOR YEAR

OCTOBER 2, DATE AT WHICH THE SPECIAL TRAINING CLASSES BEGIN.

Chairman Graham Has Laid Plans for Comprehensive and Systematic Program.

The physical training classes of the Y. M. C. A. will open for active work October 2. It is the purpose and object of the physical work committee, of which Dr. J. P. Graham is the chairman to make the classes really scientific and healthful. Along this line Mr. Graham says:

"The primary object of all physical exercise is health. If you have it, then you should exercise to keep it. The secondary object is a graceful and proper carriage of the body. No teacher should lay claim to proficiency who does not exemplify these principles. The object of physical training should be not so much with a view of muscular development as to muscular health and muscular strength. One cannot properly care for the body unless the body is given the requisite amount of physical exercise. The vital centers must not be neglected. No matter how strong the muscles appear to be, the health is being undermined if the vital centers are not properly exercised. Just as a chain is no stronger than its weakest link, so with any person—he must be taken in his entirety. Therefore we are strong only when strong in the vital centers. The stomach, the heart, the liver, the lungs, the kidneys—all of these, as well as the muscles that surround them, must be strong and in health to produce the best results."

The director and the leaders of the classes at the Y. M. C. A. have that one objective in mind, to make the classes scientific and healthful. In arranging his classes, Secretary King said today:

"Every class will have a definite plan and will begin on time and close on time. The work will be systematic and no stunts will be given during the class period. Join a class, and you will live longer, you will sleep and eat better, you will make life worth the living. The whole world will be a smile to you."

The classes are as follows:

- Senior Class—Tuesday and Friday evenings, 8 to 10.
- Business Men (A)—Tuesday and Friday afternoons, 5 to 7.
- Business Men (B)—Monday and Thursday evenings, 8 to 10.
- Ladies' (A)—Monday, Wednesday and Saturday afternoons, 2 to 4.
- Ladies' (B)—Monday and Thursday evenings, 6 to 8.
- High School (A)—Tuesday and Friday evening, 8 to 10.
- High School (B)—Monday and Thursday afternoons, 4 to 5:30, and Saturday mornings, 10 to 11.
- Girls—Wednesday and Saturday afternoons, 4 to 5.
- Intermediates—Same as high school (B).
- Basketball—Every Wednesday, 8 to 10 p. m.
- Juniors—Tuesday and Friday afternoons, 4 to 5, and Saturday mornings, 8:30 to 10.
- Railroad Night Men—Tuesday and Thursday mornings, 9 to 10.
- School Teachers—Wednesday and Saturday afternoon, 5 to 6.

This schedule becomes effective October 2 and will be in force, subject to changes, until May 1, 1917.

### \$19,198 Is Spent on Roads.

Salem, Or., Sept. 18.—During the month of August the county court of this county expended \$19,198.50 on roads, according to figures compiled by the county clerk. Of this sum \$5,610.02 was expended on macadamizing, \$4,916.43 on graveling and \$5,860.18 on general repairs.
