

Corns Tired Feet

A corn on the toe, on the bottom of the foot, or in between the toes, suggests its own agonizing power. Corns can be relieved, corns can be removed. Our advice is to try Nyal's Corn Remedy in preference to any other.

Dust Nyal's Eas'em in the shoes and in the stockings, and tired, aching, sweaty feet will find almost immediate relief. A rapid, efficient idea, and well worth trying.
