HAS A WELL EQUIPPED LAUNDRY.

Design 786, by Glenn L. Saxton, Architect, Minneapolis, Minn.

PERSPECTIVE VIEW—FROM A PHOTOGRAPH.

INTERIOR VIEW—A MODEL LAUNDRY.

A model laundry, equipped with up to date fixtures, helps to take the "blue Monday" out of "blue Monday." The irons, mangle and washer may be operated either by electricity or gas. By the expenditure of about \$150 to \$250 the laundry shown above may be installed in this home. There is a full basement under entire house. Finish throughout house to be red oak or Washington fir in the first story and pine to paint in the second story. Cost to build, exclusive of heating and plumbing, \$10,000.
