

Sporting News

A team composed of alumni, former stars, and other notables in football history, will combat the high school eleven in practice games Friday afternoon at 3 o'clock of this week. The need of such a game is apparent, and friends of the school and well-wishers for its success have worked up a team to give high schoolers a grilling they will appreciate.

Niles, of Whitman, Lottes, McGinnis, Reynolds, of O. A. C., will be used in the back field. Earl Rosenbaum, Lefel and Garity will be among the end men, Holmes, Young, Winters, "Fat"

Evans, of O. A. C., Lowell William-son, and Jimmy Rosenbaum will make up the rest of the line positions, so far as known now. Bill Bonnenkamp has been listed too.

Jimmy Rosenbaum's famous ability as a side passer will be put into play for that style will be used by the alumni.

The team members meet at the Y. M. C. A. Thursday night for signals.

New York, Sept. 27.—For two years now baseball fans have been having a hilarious laugh at the expenses of

Connie Mack, manager of the Athletics. But now the laugh is being turned to admiration, for the old Fox's methods of building baseball clubs are beginning to bear fruit. When Mack broke up his wonderful team at the close of the 1914 season, after the Braves had given them a beating in the world's series, Mack predicted that he would have a new baseball club ready to fight for ball games by 1917. He gave himself two seasons in which to rebuild the grand machine he had wrecked.

And the elongated manager's claims are beginning to be realized. Already he has assembled the main players who will make up the 1917 team with which he hopes to pull out of the cellar.

Three men have been purchased to help out the green players who have been learning the game under Mack's guidance. Ping Bodie, once with the White Sox, but more recently with the San Francisco Pacific Coast league club, is the most prominent of the trio. Outfielder Thrasher of the South Atlantic league, is another, and Mack has picked up a third baseman named Bates, also from the coast. The latter is said to be the best third baseman in the minors.

Lawton Witt, who has been holding down the shortstop job for Mack most of the season, is regarded as a coming star by many a big league manager. This youth has played with dazzling brilliance and has hit remarkably well for a youngster. It is certain that he, at least, will fit into the place Mack has picked for him.

Bates, regarded by Clark Griffith as the season's find, will be at third base.

A pitching staff having for its head liners two hurlers like Bush and Myers is bound to be strong. Besides these two there are Nabors and Sheehan, who have been tried and found to possess class. Jing Johnson, the sensational young right hander from Ursinus college, already has won his spurs in fast company.

Wallie Schang probably will be sent back to his old station behind the bat next season and will have two excellent understudies in Haley and Myers.

Sloan's Liniment for Neuralgia Aches
The dull throb of neuralgia is quickly relieved by Sloan's Liniment, the universal remedy for pain. Easy to apply; it quickly penetrates without rubbing and soothes the sore muscles. Cleaner and more promptly effective than mussy plasters or oint-

308 X YES IS A VOTE FOR YOUR CHILDREN

SQUARE DEAL FOR EASTERN OREGON

If you are in favor of a square deal for the country East of the Cascades you will vote for and work for THE PROPOSED EASTERN OREGON STATE NORMAL SCHOOL AT PENDLETON, OREGON. Oregon has but one Normal School. This school is located at Monmouth and is not able to supply more than TEN PER CENT of the teachers required in the public schools of Oregon. Of the more than six thousand teachers in our public schools, BUT 13 PER CENT are graduates of Normal Schools. It is a matter of simple justice to the country East of the Cascades to establish a Normal School East of the mountains to furnish thoroughly trained teachers for the schools of Eastern Oregon.

TRAINED INSTRUCTORS WANTED

Every resident of Eastern Oregon has a vital interest in the passage of this measure for Eastern Oregon pays HIGH SALARIES to her teachers and is entitled to the services of TRAINED INSTRUCTORS.

ONLY COSTS 4 CENTS PER \$1,000

The annual cost of maintenance of the proposed State Normal School amounts to BUT ONE 26TH OF A MILL OR 4 CENTS ON A THOUSAND DOLLARS of taxable property. Isn't it worth this to you to have your children trained to become USEFUL AND PRODUCTIVE citizens?

STRONG ENDORSEMENT

J. A. Churchill, the State Superintendent of Public Instruction, voices the sentiment of the educators of the state when he says:

"Oregon's greatest need for its rural schools is the teacher who has had full preparation to do her work. Such preparation can best come through Normal School training."

"I trust that the voters of the state will assist in raising the standard of our schools by establishing a State Normal School at Pendleton. The location is central, the interest of the people of Pendleton in education most excellent, and the large number of pupils in the public schools will give ample opportunity to all students to get the amount of teaching practice required in a standard normal school."

The educators of the State insist that Standard Normal Schools be located in towns of 5000 population or more and having ENOUGH GRADE PUPILS FOR TEACHER PRACTICE.

BE LOYAL AND VOTE RIGHT

Show your loyalty to the best interests of Eastern Oregon and of the whole state by working for this measure and by voting YES FOR NO. 308. By voting YES FOR NO. 308 you will help to GIVE TO THE SCHOOL CHILDREN OF OREGON THE SAME ADVANTAGES ENJOYED BY THE SCHOOL CHILDREN OF OUR NEIGHBORING STATES.

For Assessor.

I have been regularly nominated on the Democratic ticket for County Assessor. If I am elected I pledge myself to a fair assessment. I believe the burdens should be fairly divided. I will devote my entire time to the affairs of the office, believing that the salary is sufficient to pay for it. I respectfully solicit the support of the voters at the coming election.

Pd. Adv. W. A. MAXWELL.
