ARCADE

Film Shows Real Fight.

William Elmer, the Lasky burglar, bandit, detective and all-round villain, is a stickler for realism. If there is an occasion for him to appear in a fight, Elmer always sees to it that it will bear no ear-marks of a fake. During the filming of "The Dream Girl," a Paramount release which will be seen at the Arcade on Friday and Saturday. Elmer was called upon to have a fight in a gambling den. He rehearsed the same carefully with one of the extra people and then suggested to Cecil B. De Millie, director-general, that two cameras be placed on the scene. Two cameras are only used when it is felt that a scene can not be accurately repeated. When the word to start was given, Elmer sailed in. He promptly cleaned out the place and after the scene was over, he apologized to the bruised and injured, saying that he had become over-excited, and then winked craftily at the director.

Theodore Roberts, the clever Lasky star, will be seen in support of Mae Murray in this Lasky production. As the dissolute father in this thrilling romance, Mr. Roberts is said to have created the greatest of his many brilliant characterizations.

MORE THAN MILLION DOLLARS ASKED AS BAIL FOR STRIKERS TRAPPED IN HALL BY STATE TROOPS!

STRIKERS LOADED INTO WAGON AFTER BEING TRAPPED IN HALL AT OLD FORGE, PA.

Lackawanna-co prison at Scranton, Pa., is packed with 267 men, said to be Industrial Workers of the World, who declared a strike in the mining town of Old Forge, five miles south of Scranton. Labor day 3000 miners of Old Forge walked out in a sympathy strike with the miners of Minnesota. Not being able to secure a meeting place they are said to have taken forcible possession of a hall. State troops were called and arrested 267 of them. Bail was fixed at a total of \$1,405,000, or an average of \$5267 a prisoner. None was able to furnish bail so all are in jail waiting for the grand jury to make its report.

folded in "A Tortured Heart" is filled with all the wholesomeness of the Southland and the beauty of Dixie all of which is impersonated in Miss Pearson, whom a noted artist has termed "the most perfect American type of womanhood."

When the noted stage and film actress arrived at Savannah she was so happy to be back "in Dixie" that Director Will S. Davis had much trouble in getting her to do her work, but once started Miss Pearson put a "soul" into her acting which is plainly noticeable in the film.

Near Savannah the exterior scenes of the picture play were taken in order to get the proper Southern scenery and atmosphere. The interior parts had been filmed in the William Fox studios about New York City, where the best interior lighting facilities are obtainable. Genuine old English furniture such as common in Southern homes "fo' th' war" is seen in the indoor scenes. The exteriors are just as genuine with old-fashioned bowler gardens and negroes of the "raggetty" type.

JAPS LAUD GARY SPEECH

Tokio Times Says United States Attitude is Friendly

Tokio, Sept. 7.—Expressions of satisfaction regarding the speech of Elbert Gary last Tuesday night are voiced by the Press. It is evident here that Japan is deeply interested in the nature of the United States' general policy toward China, more particularly whether the government would support the participation of American capitalists in the five powers' reorganization loan. The Times fears the existence of ef-

forts to convince Americans that the United States has an enemy in Japan regarding China, with Japan determined to thwart American enterprises. "There is no reason why both nations cannot cooperate," the Times asserts.
