

Factory Demonstration of Universal Heaters and Ranges

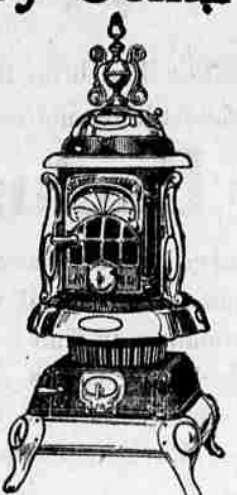

Don't Let Your Fuel Money Go Up In SMOKE

Save It! Turn Every Nickel into Heat by Using

The RENOWN UNIVERSAL
Gas and Smoke Consuming **HEATER**

Here's a heater that drives the heat down to floor level, and holds fire with ease for 36 hours. All doors machine fitted and ground joints.

RENOWN UNIVERSAL

Patented Double Flue Hot Blast Ring Gives 60% More Heating Efficiency

with the use of soft coal. Air admitted at feed door is carried through upper flue around inside of stove to rear and returning by way of lower perforated flue spraying the superheated air over the fuel, thereby creating perfect combustion.

Burns any fuel with great economy. But best adapted to soft coal or soft coal slack. Economical—durable—unequalled.

Never One Like It Before

NEVER before a range that so lightens and brightens the duties of housewives.

Never before one so practical, durable, efficient—so saving of fuel, of labor—so replete in all things making for perfection.

And NEVER a cooking range so downright beautiful—the crowning achievement of over 40 years of manufacturing experience.

The Blue Beauty is covered with a heavy coat of blue porcelain enamel—enamel baked for keeps on a cast iron body durable as the rock of Gibraltar. Everlastingly rust-proof! Never needs to be blackened!

Sanitary, cleaned with cloth and water, the most remarkable range ever seen! And the most economical.

Give it the eye-test. That's all we ask.
