THAT IS THE KIRSCHBAUM

Platform in Clothes Making, as announced in their recent advertisements in such periodicals as the Saturday Evening Post, Collier's and others.

We, for our part, stand with them upon this vital issue of all-wool—refusing to distribute among our friends and neighbors clothing which is debased and cheapened with cotton.

The new fall styles in suits and overcoats from these famous Philadelphia clothes makers are now in readiness and waiting.

SHERRY'S

Theda Bara Is Star in Rousing Fox Story of Algerian Army Life.

The swift, sharp action and fire of a military camp runs through the new William Fox picture in which Theda Bara appears, "Under Two Flags." It is a dramatization of Ouida's famous novel, conceived in all the splendor and glory with which the author wrote the book which has captivated all readers. Miss Bara, as Cigarette, the little French daughter of the regiment, has again displayed the art which makes her the foremost actress in the films. At Sherry's today and tomorrow.

ARCADE

Mary Pickford in Land of Tulip Bulbs. Mary Pickford in wooden shoes and a red kirtle, dancing to the tune of a hand organ! Mary Pickford planting tulips in a wooden shoe and presenting them to her lover! All of which means that the popular Famous Players star is gracing the title role of that company's delightful production, "Hulda from Holland," by Edith Barnard Delano, which is the Paramount Picture at the Arcade theatre Friday and Saturday.

Pickford's phenomenal popularity, thought it is based upon many qualities, is most plainly manifested in her winning of one's sympathy. Never has Miss Pickford played a more sympathetic role than that of Hulda, for though the little Dutch girl is thoroughly self-reliant and gives every evidence of being able to take care of herself, she is always the appealing little girl from first to last.

Some of the richest comedy which Miss Pickford has ever displayed upon the screen is that which takes place with her little brothers. Heinie, Hans and little Jacob. In her distress, Miss Pickford is as irresistible as ever, but in her funny Dutch way, she develops a philosophical attitude toward the harsh things of this world which robs the scenes of all their bitterness.

Even in New York, after Hulda has lost her Uncle Peter and is forced to rely upon her own resources, she never loses her sense of humor and her love for music.

In support of Miss Pickford director John B. O'Brien has gathered a distinguished cast, among them Frank Losee, John Bowers, Russell Bassett, Charles Vernon and little Haral Hollacher.

GRANGE MASTER OPPOSES SINGLE TAX.

C. E. Spence Calls it Confiscation in Bitter Attack—U'Ren Measures on Ballot.

A few days ago a Portland paper published an interview of C. E. Spence, Master of State Grange, in which he was quoted as being unalterably opposed to the Full Rental Value Land Tax & Homesteaders' Loan Fund Amendment (single tax), which is to be submitted to the Oregon voters on next election day, November 7th. He was quoted as saying that this bill provides for the confiscation of private ownership in land, and, as most farmers' property consists principally

of land, naturally they are opposed to it.

The Tax Liberator for October contains an excellent article on the subject by Mr. Spence. It is a strong and unanswerable argument against the measure. He closes his article by saying: "I believe that the Full Rental Value Land Tax will take the land and with it will go the improvements, and with the improvements will go the toil, and savings, and capital of thousands of honest, industrious people who are living on and 'using' the land, and who are not monopolizing nor speculating in it."

"If I am correct in my conclusions, this measure will injure the home owner and home builder more than it will the speculator, and I shall vote 307 X NO."

The Simple Japanese.

One of the great editors of Japan is Mr. Maruyama of the Osaka Ashai, a paper with a daily circulation of more than 300,000. His present office is a modest but comfortable one, out near by an enormous eight or ten story building is going up, covering half an acre of ground, and all to be used by the Ashai. Mr. Maruyama is a typical Japanese of the highest class, bald, with a sparse beard, as to his personal appearance; vivacious and friendly. You at once feel at home in his presence. I had a long interview with him while he exhaled "the soul of Japan." This you cannot know unless you understand Bushido, the ancient Japanese ideal of conduct.

"Now Bushido," explained my host, "included love of peace, and the old Samurai were men of peace and desired no conquest of territory, because Bushido opposed it. So it has come about that Japan has never gone to war to gain territory. The Chinese war came because China was crowding Korea and menacing Japan. When China was conquered, in lieu of indemnity she gave territory—Port Arthur and Dairen. But Russia, Germany and England would not allow

this, and took these ports themselves, thus robbing Japan of the fruits of her victory.

"The war with Russia was simply a war of defense, not of aggression, and as to a war with America, such a thing is almost inconceivable. It would be the supremest height of folly. Neither wants the other's territory. Neither has anything to gain, but much to lose. America was founded on righteousness, justice and democracy. It seems to me she is departing from her ideals in going in for great armaments and a tremendous navy. Japan, I fear, will consider this a menace, and will be led to increase her military expenditure."

"How about China?" I asked. "Japan does not want any of China's territory," he answered, "but she wants to help her develop her resources, and thus she will become a better customer for our products." Surely a nation that has developed a Monroe Doctrine covering two continents cannot object to that.—The Christian Herald.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.
