CANDIDATES ANNOUNCEMENT

Joint Senator Union and Wallowa Counties.

To the voters of Union and Wallowa counties: I am the Republican nominee for joint senator for Union and Wallowa counties and respectfully solicit your votes on Nov. 7. If elected I will perform the duties of the office to the best of my ability, and point to my record in two sessions of the state legislature as a pledge for my future conduct.
—Paid Adv. tf. ED E. KIDDLE.

For County Assessor.

I am now serving my first term as County Assessor. During that time I have endeavored to conduct the affairs of the office, as economically as consistent with good service, with the special view of assessing all property on an absolutely fair basis, and believe the records of the office will show good results along the line of equalizing assessments, as well as the placing of these assessments, and extending the different levies of the several taxing districts in the tax rolls, in a neat and businesslike manner.
I respectfully invite the voters to

get first hand information, regarding

the efficiency of the work accomplished in this office. On this record, I ask for re-election at your hands on Nov. 7th and if elected pledge continuation along these lines.
—Paid Adv. tf. U. G. COUCH.

Hughes for Prosperity.

Joplin, Mo., Oct. 14.—(Special)—In his speech last night Charles E. Hughes pointed out his true Americanism platform in the following words:

"First I want to see America prosperous and contented, with a just distribution of a prosperity well secured by proper protective policies.

"I want to see the American flag the symbol of righteousness, the symbol of power, the symbol of dignity, of protected citizenship.

"And I want to see this Nation girded with a desire to serve humanity, but realizing that it can serve no one throughout the world unless it respects itself."

Tommyes Dislike Medicine.

London, Oct. 13.—Back from the battlefields of France where they faced death without batting an eye, British Tommyes have to be coddled and wheeled into taking bad-tasting medicines. The wounded men must all take a daily portion of cod liver oil. It requires two nurses to administer the medicine, one passing around with the medicine itself while another follows with a jar of jam or other sweets.

Uncle Sam's Assistance Sought

El Paso, Oct. 13.—Whether it is within the province of the National Government to furnish funds for settlers on the unsettled lands of the United States will be one of the vital questions discussed when the International Irrigation Congress meets here tomorrow. It has been held that if the Reclamation act of 1902, under the operation of which most of the United States is being done, is to be made really effective, something more must be done under its operation than the mere building of dams and the digging of ditches. In the early days of the reclamation of arid lands by means of irrigation under direction of the United States Reclamation Service, it was believed sufficient to build the dams, dig the ditches and provide the water. It has since been found that this has not been enough to insure the success of the settler. Too many of the settlers attracted to the reclaimed lands have failed through lack of capital. It is now believed that it is necessary not only to provide moisture for crops but to finance the settler on irrigated lands until he can earn his living and pay for his land while it is being brought under cultivation.

New President Radical

Buenos Aires, Oct. 13.—President Irigoyen, who was inaugurated yesterday, turned down the offer of an automobile, of which a friend wanted to make him a present. It wasn't so much the rejection of the gift, for in this respect most Argentinians think he was quite right, as the manner in which he did that attracted attention.

The machine was the product of the

only auto factory in Argentine, owned

by Horacio Anasagasti. This individual's father was a close personal friend and political supporter of Dr. Irigoyen. He also gave large sums to the radical party, of which Irigoyen is the head. The son has known the president-elect since the former was a little boy. Recently he sent an automobile to the doctor, with a message to the effect that it would give him supreme delight if Irigoyen would ride in it to the capitol when he was inaugurated, a trip which the president-elect had already announced he would make in a street car.

In returning the machine to Don Horacio, the doctor sent this message:

"Any time I want an automobile, there are plenty of taxis I can hire in Buenos Aires."

Both Brands Were Good.

James Hamilton Lewis is on a speech-making tour of the west. It is told of him that in his early career, in a speech he referred to the "Sword of Damascus" as hanging over the head of some one.

A friend wrote on a card and had it passed to Lewis: "You should have said the sword of Damocles—not Damascus."

Jim Ham read the card and said: "My attention is called to the fact that I referred to the sword of Damocles instead of the sword of Damocles. I may have done so, but, what boots it? They make good swords in both places."

Wallowa Family Motors to City.

Mr. and Mrs. J. F. Ravenscroft,

residents of Wallowa, motored to La

Grande today to visit their many friends in their former home.
