### How Catarrh Is Contracted.

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucus membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this

loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.

## Brewers' Statement

"Equal Rights to Home Industry" Committee Presents Facts.

### NO SALOONS OR BOTTLE HOUSES

The committee advocating the passage of what is commonly known as the Beer Amendment, No. 314 on the ballot, have pledged themselves as determined to have the law, if passed, endorsed according to its true intent and purpose, namely, as merely putting the Oregon hop growers and brewers on an equal footing with outsiders.

The committee feels the public will believe such eminent lawyers as Messrs. Montague, Gearin, Pipes, Carey, Fulton, Simon, Bernstein, Cohen, and others, who have given their carefully considered opinion that no attempt to establish saloons, bottle houses, or other unregulated sales of beer would be successful. It would be turning the law away from its plain intent, and therefore impossible.

But the enthusiasm of the Prohibitionists continue to misrepresent the purpose of this law and the good faith of this committee, and having abandoned the idea of the general saloon, the Prohibitionists now insist that it is the "bottle house" which is to be feared. They say that the committee can only speak for itself and not for the brewers. Wishing to meet all objections, however fanciful, the committee finally thought it best to lay the matter before the brewers, and in response to our request we have received the following statement:

To C. E. S. Wood and C. T. Haas, Chairman and Secretary of the "Equal Rights to Home Industry" committee, and to the several members of said committee—Gentlemen:—We the undersigned formerly in the brewing business in the State of Oregon, in answer to your request beg to say, for record and publication, that in case the constitutional amendment No. 314, providing for the manufacture of a light beer, not exceeding four per cent alcoholic strength, is passed, we will not attempt to open saloons or bottle houses, or in any way directly or indirectly to violate the plain terms of the law which we understand is intended to give us only the rights enjoyed in Oregon by brewers outside the state, and we will join in enforcing the law according to its spirit. For our own protection and in the interest of the proposed amendment we respectfully request your committee to prepare a plan by which the sale of state-brewed beer, if permitted, may be fully and satisfactorily regulated, and we suggest that a registration book of those entitled to receive beer be opened and the taking of affidavits be handled by some public official. We will ourselves ask cities and counties to make proper regulations, and aid to the extent of our ability in their enforcement. Also, it must not be forgotten that within four weeks after this amendment becomes effective, if passed, a law may be enacted for the full and complete regulation, and until some other plan is adopted by cities and counties, we will be compelled to follow the procedure now in force at the express offices for the importation of liquors, namely, we will not sell or deliver to any person who is a minor, a habitual drunkard, or who is not properly entitled to receive his quota of beer under the existing law, and we will exact an affidavit showing all these facts, and also stating that the affiant has not within the said period imported his quota of beer or other liquors from outside the state or received it elsewhere. In other words, we will co-operate in a detailed regulation of the sale of beer permitted by the amendment.

We desire to add what should be self-evident, that our heavy investments in the state, our self interest, make it necessary that we win the favor and approval of the public, by aiding an honest interpretation and enforcement of the law. We now leave it to the public to determine what this law means to the entire state, not only through the preservation of the hop and allied industries, but as tending toward true temperance. We hope your efforts may be successful.

The committee is convinced that these manufacturers are acting in good faith and will render to the committee and to all public officials their honest assistance in carrying out the law according to its true intent and in seeing that neither directly or indirectly, publicly nor secretly, is it disobeyed, and the committee desires to add its very strong conviction based on the practical test and success in Norway and Denmark that to encourage home production of a light beer will be to discourage the increasing

consumption of heavy alcoholic beverages which is now going on.

In the Scandinavian countries and Finland, after an investigation including the prohibition states of this country, a three per cent beer (in practice allowed to be four per cent) is free of all license, tax or regulation as a means of checking the consumption of distilled spirits.

For the Committee,  
C. E. S. WOOD, Chairman.  
C. T. HAAS, secretary.

## FINE NUMBER FRIDAY NIGHT

The Maurer Sisters Orchestra is about to enter its tenth year on the Lyceum and Chautauqua platforms. This organization had five years' experience before coming to the Redpath Bureau, beginning to play in public very young in years and making good from the very start. In fact, the Redpath Bureau has never had a company of young women of whom it has felt prouder and received better reports than the Maurer Sisters.

The first two years they were with the Bureau they were known as the Orchestral Entertainers.

For versatility on musical instruments the parallel of the Maurer Sisters is seldom found. In this respect they fill an important place in the Lyceum, for there is much demand for just such a combination. The only reason that there are comparatively

MAURER SISTERS ORCHESTRA.

few such companies is because versatility in music is so apt to be accompanied by mediocrity. Especially is there a demand for this kind of organization where large door sales are a consideration to the committee. Pictures of numerous instruments and promises of a widely varied program attract young and old from far and near.

Some of the features of the Maurer Sisters' program are cornet solos with orchestral accompaniment, flute solos with piano accompaniment, violin solos with piano accompaniment, whistling solos, cello solos, violin and flute duets, humorous readings, orchestral numbers with piano, violin, flute and cornet; ensemble vocal numbers rendered in conjunction with orchestral music.

### Despondency.

## ? ? ? ? ? Why Vote Pendleton \$125,000

for something we already possess—a State Normal School plant in Eastern Oregon?

Why vote an annual tax of one-twenty-fifth of a mill for a Pendleton Normal when one-fourth of a mill would provide ample maintenance for the Weston Normal?

Do you want to be out of pocket \$325,000 in ten years? This is the approximate sum that a Pendleton Normal would cost over and above the cost of the Weston Normal, allowing for a nominal increase in state valuations.

Every man, woman and child in Oregon is annually taxed \$30, according to A. H. Harris, a Portland writer. Taxes for all purposes in 1916 reached the enormous total of \$22,000,920.94. Schools alone cost \$7,000,000. Why toss tax money away by granting Pendleton's absurd demands?

## Why Not Reopen the Weston Plant?

It's ready for use and consists of four buildings and ten acres of ground. It has been recently inspected and approved by such prominent architects as Beezer Bros. of Seattle and Osterman & Siebert of Walla Walla. Beezer Bros. say that \$2000 properly expended on the principal building would bring it to an "almost perfect condition." These substantial taxpayers, officials and men of affairs denounce the Pendleton scheme as one of "extravagant folly."

J. M. Banister, Mayor of Weston; Homer I. Watts, Mayor of Athena; B. B. Richards, Recorder of Athena; H. A. Barrett, Merchant, Athena; C. A. Barrett, State Senator, Athena; H. B. Lee, ex-County Commissioner, Milton; J. F. Slover, Merchant, Freewater; C. D. Hobbs, Mayor of Milton; H. L. Frazier, ex-County Comm'r. Milton.

Why did not Pendleton confine her bill to a normal school proposition? Why does she seek to "validate" institutions that are firmly and lawfully established? Is it not clear that this is a vote-catching device? Isn't it "log-rolling" of the rankest variety?

And finally, would you care to send your children to a town impregnated with Round-Up atmosphere? Isn't it a fact that a great Round-Up town is for that very reason a poor state school town? Would you want your children to carouse, dance and gamble in Happy Canyon or to even witness its wanton revelry?

## Come In And Let Me Tell You About My New Farm Loan

A 20 Year Amortized Rural Credit Loan No Commission No Renewals

### TO UNION COUNTY FARMERS:-

For several years I have been working and planning for easier money to loan on good old Grand Ronde farm lands.

Finally I have arranged with one of the largest loaning companies (a company that has \$85,000,000 loaned to the farmers of the West) for a real Rural Credit loan based on a 20-year amortized plan. 20 equal payments of but little more than current interest pays off your entire debt.

You pay no commissions, choose your own date of payment and pay at your own bank. You can pay any amount of your loan at any time. This plan figures you a saving of nearly 3 per cent over the usual farm loan made heretofore in this county. If interested call and let me explain fully.
