Come In And Let Me Tell You About My
New Farm Loan

A 20 Year Amortized Rural Credit Loan
No Commission No Renewals

TO UNION COUNTY FARMERS:-

For several years I have been working and planning for easier money to loan on good old Grand Ronde farm lands.

Finally I have arranged with one of the largest loaning companies (a company that has \$85,000,000 loaned to the farmers of the West) for a real Rural Credit loan based on a 20-year amortized plan. 20 equal payments of but little more than current interest pays off your entire debt.

You pay no commissions, choose your own date of payment and pay at your own bank. You can pay any amount of your loan at any time. This plan figures you a saving of nearly 3 per cent over the usual farm loan made heretofore in this county. If interested call and let me explain fully.

Mother's Doll Story

Two Little Rag Dogs

THERE was once a little boy, Roy, who owned two rag dogs. One was Tony, and the other was May. Tony was white, with brown spots on his left leg, and May was pink, with a blue tail. Both these puppies were nice and soft to hug and to take to bed.

One day Roy stood looking out of the nursery window. He had just had a nice nap and had forgotten to bring his rag puppies in the house with him or to put them on the porch.

While he was looking a great big dog came trotting up the walk. He espied Tony and May lying on their backs right in his path. The big dog sniffed and stuck his tail right up straight in the air, as much as to say, "How rude of these rag puppies to get in my way!"

Roy felt that trouble was coming. So he raised the window and shouted to the big dog, "Get out of my yard!"

But he was too late. The big dog seized Tony in his huge mouth and tore a terrible hole in his rag side. When he had chewed to his heart's delight the big dog grabbed May by her blue tail and chewed it right off.

By this time Roy had run out with his papa's cane and scared the big dog away. So Tony and May were sent to a puppy hospital, where a kind doctor fixed them as good as before Roy left them on the lawn.

Beast, Bird and Fish

A large number can play this game easily. The players sit in a ring. There is one player chosen "it"—that is, one who throws a handkerchief into the lap of another player, saying at the same instant either "beast," "bird" or "fish." The player thus addressed must call the name of a beast or bird or fish as the player who is "it" indicates before the latter player has counted ten. The player who is "it" starts to count ten as quickly as possible as soon as the handkerchief touches a player. No player must name twice any kind of beast or bird or fish.

(Prairie City Journal)

State Engineer John H. Lewis passed through Prairie last Saturday on his way to Baker, after having made a trip through the interior, passing through Bend, Mitchell, Spray, Monument and Dayville. He traveled a good portion of the proposed new State highway, and is reported to have become a better booster than ever for it. Mr. Lewis has always been in favor of this road and it is safe to say that he will continue to help it along.
