

Go See the Half-Million Dollar Motor

The Briscoe Four Twenty-four—the car with the Half Million Dollar Motor is here. Go today and see it. Inspect the motor that Benjamin Briscoe, with the help of fourteen noted engineers, perfected in Europe.

Benjamin Briscoe dreamed a car of finest design with every modern convenience within the reach of families of moderate circumstances. Here it is.

BRISCOE \$625 FULLY EQUIPPED

THE CAR WITH THE HALF MILLION DOLLAR MOTOR

designed and perfected where gasoline cost more than 50 cents per gallon—hence of necessity it was built for economy. It is the longest long-stroke motor in America.

The beauty of this Briscoe Four Twenty-Four, with its extreme streamline body, tilted eye-saving wind-shield will mean joy to your wife and family. It is so roomy that a six-foot man can ride with outstretched legs in either front seat or tonneau. The sides are high and the upholstery is the kind you will find in other cars of \$1000 and \$1200.

Take the wheel yourself or let your wife or daughter drive. Let them see how easy it is to operate clutch or brake which in the Briscoe Four Twenty-Four operate much easier than ever before. Note the quick pick-up, the quietness and smoothness of the Half Million Dollar Motor.

Road Survey Completed.
 (Prairie City Journal.)
 The survey of the State highway across Grant county is complete, as far as the field work is concerned, and Assistant State Engineer J. H. Scott, who had charge of the work, informs us that there is no heavy work to be done on the whole of the 82 miles that is out of the National Forest. The difficulties that he expected to meet in the gorge below Dayville did not materialize, and the work has been brought to a very successful conclusion. As soon as the office work has been completed the State Highway department will be able to submit estimates on the cost of the proposed construction.

Within the past year, the Forest Products Laboratory, Madison, Wis., by cooperation with manufacturers, has succeeded in getting a dye, made from mill waste of osage orange, put on the market as a substitute for fustic which we import from Jamaica and Tehuantepec.

The Correct Viewpoint

MANY HAVE A MIS-TAKEN IDEA THAT IT IS BECAUSE PEOPLE ARE PROSPEROUS THAT THEY HAVE SAVINGS ACCOUNTS. PROSPERITY IN CONNECTION WITH SAVINGS IS THE EFFECT RATHER THAN THE CAUSE. THE INDIVIDUAL WHO PRACTICES THRIFT, WHO LITTLE BY LITTLE BUILDS A SURPLUS AND WITH IT CHARACTER AND REPUTATION DOES NOT WAIT FOR PROSPERITY—HE MAKES IT. WE INVITE YOU TO JOIN THE RANKS OF THOSE WHO ARE INSURING THEIR FUTURE WELFARE.

 Coos Bay Towns Make Bid for Naval Base San Francisco, Oct. 31.—(Special)

—Marshfield and other Coos Bay, Oregon, towns are the only Pacific coast seaports to make any real effort for the locating of the big naval base by forwarding written statements, data, etc., it is learned from Washington. The delay on the part of San Francisco, San Rafael, Astoria and other cities seeking the base to furnish data regarding their claims is delaying the work of the naval committee seeking to recommend a site.
