### HUGHES GIVES CONCEPTION

(Continued From Page One.)

Americans helpless against the lawlessness of any country in which they have a right to do business. There confronts labor in the next four years a condition more serious than any that American laboring men have been called upon to face. When this war began over a million American working men were seeking vainly for employment. When the war ends and the developed energies of a new Europe are thrown into commercial production, our nation will face a competition such as it never knew.

#### Protective Tariff Needed.

One of two things must happen—either millions of men will be seeking

work in vain or else there must be thought out in advance the problem of commercial organization as France and England and Germany are seeking to think out the problem today. Every one of these nations is preparing to defend its own market by a protective tariff. The end of the war will end also the opportunities for labor created by the war. The millions in the trenches today will be our industrial competitors tomorrow. If we are to save our laboring men from a catastrophe we must plan a tariff protection along sound, just and economic lines. To this endeavor I pledge myself and the men who are to be my colleagues.

In this matter again I differ absolutely from the policy of the present administration. Democratic platforms have declared that the Government has no right to levy tariff duties except for income. This is the funda-

mental faith of the Democratic party.

#### Protection for Labor.

I pledge myself and those who stand with me to deal with the needs of laboring men the country over, whatever their trade or organization, upon the principle of giving the largest protection possible to every American working man and the largest participation possible in the prosperity of our industries with special favors to none.

Finally it is to be remembered that every European government is putting itself behind its industries; organizing them, encouraging them and suggesting economies. When the commercial struggle begins anew, the industries of every European country will go into the world markets backed by the effective cooperation and intelligent oversight of their government.

#### Control of Business.

Our national policy requires that government maintain a strict supervision of business organization. This can be done effectively and yet leave the Government free to encourage legitimate and wholesome business enterprise. I stand for such supervision and control of business, but I demand also that business great and small (and especially the small business) be treated fairly and justly. Only under such conditions can business pay living wages or compete with foreign manufacturers.

#### Opposed to Class Wars.

In this respect again the present administration holds a policy entirely opposite. It has viewed business enterprise with suspicion and has made the government a brake to stop the wheels of legitimate industrial progress. It has treated the business of this country as though they were suspicious characters. It has assumed that capital and labor are natural enemies. In four years it has put this country further on the road to class war than has been accomplished in a generation before. The men who stand with me believe in the honesty of the American working man, they believe no less in the honesty of the American business man, and they believe that the common good is to be found not in class war but in mutual justice and fair dealing, not as between capital and labor in the abstract but as between men and men.

#### Hughes' Platform.

You know the road we have traveled this last four years. Mr. Bryan and Mr. Daniels are its monuments of executive efficiency. Our murdered and forsaken citizens in Mexico reveal a conception of American citizenship plain enough to see but a new one for American patriotism to adopt; the monument of class bitterness raised by this administration throws a sinister shadow across our political horizon; the unjust accusation against business men has left a bitter taste in our national life. If you prefer this path it is plainly marked. And the end of it is class war.

You ask what road I propose to travel? These are the milestones which mark it—an executive responsible to the whole nation, a cabinet chosen from the ablest Americans, a foreign policy that stands courteously but firmly for American rights, a flag that protects the American in his lawful rights wherever his legitimate business may take him, a preparation for trade competition which shall protect all groups of American workmen, a government oversight of business which will fearlessly eliminate abuses, but will act on the assumption that the average business man is honest, and finally a domestic policy which looks to industrial peace, and to sound and permanent prosperity based upon the development of American trade and the building up of American industries.

#### All in One Boat.

We Americans are in one boat. You cannot strike a blow at one group without injury to all. Common justice and fair play will settle our difficulties if suspicion and bitterness are let alone. These are the principles by which I propose to be guided.

#### Now Lookout.

When a cold hangs on as often happens, or when you have hardly gotten over one cold before you contract another, lookout for you are liable to contract some very serious disease. This succession of colds weakens the system and lowers the vitality so that you are much more liable to contract chronic catarrh, pneumonia or consumption. Cure your cold while you can. Chamberlain's Cough Remedy has a great reputation. It is relied upon by thousands of people and never disappoints them. Try it. It only costs a quarter. Obtainable everywhere.—Adv.

I am now serving my first term as County Assessor. During that time I have endeavored to conduct the affairs of the office, as economically as consistent with good service, with the especial view of assessing all property on an absolutely fair basis, and believe the records of the office will show good results along the line of equalizing assessments, as well as the placing of these assessments, and extending the different levies of the several taxing districts in the tax rolls, in a neat and businesslike manner.

I respectfully invite the voters to get first hand information, regarding the efficiency of the work accomplished in this office. On this record, I ask for re-election at your hands on Nov. 7th and if elected pledge continuation along these lines. —Pd. Adv. tf. U. G. COUCH.

#### VOTE

57 X Rodney J. Kitchen, Republican-Progressive Candidate for District Attorney for Union County

I was born in Porter County, Indiana. Graduated from the high school at Valparaiso in said county and in the university from the scientific, classic and law departments. Admitted to practice in the Circuit, United States and Supreme courts of Indiana in 1899 and have practiced continuously since, two years of which I was prosecuting attorney in Indiana. I was admitted to the Supreme court of Oregon in 1906. I am married and have three children. Am a tax payer of Union county. Have resided in Eastern Oregon over ten years and in Union county the past six years.

I stand for a strict enforcement of all criminal laws and an economical administration of all county business. To those who do not know me personally, I court a thorough investigation of my ability as a lawyer as well as my past and present record as a public or private citizen. I am not sending out literature written by myself telling of my superior qualifications but am willing to let the people pass upon my fitness for this office.

My home paper commenting on my nomination says: "Kitchen was born and raised in Porter county, Indiana. He graduated from the Valparaiso high school and also from the scientific, classic and law departments of the university. He was chosen class orator on the two latter occasions. He practiced law here for a few years and at one time was prosecuting attorney. His ability is known and respected throughout Porter county." —Messenger.

If elected to this office, I will assume my duties without having made any promise to any person, firm or corporation, except to do my full duty.

As it is impossible to see each voter personally, I take this means of soliciting your support at the November election, which will be greatly appreciated.

#### RODNEY J. KITCHEN.

—Pd. Adv. 10-28-30, 11-1-3-4-6.

#### J. A. EGGLESON FOR JOINT REPRESENTATIVE

I am a farmer and stockraiser and have been a resident of Wallowa county for 17 years.

I favor strict economy, without impairing efficiency in public service.

I am opposed to the creation of any needless new jobs or offices, and am especially opposed to more than one Circuit Judge for this district.

If these planks meet your approval, I shall be pleased to receive your vote.

## Come In And Let Me Tell You About My New Farm Loan

A 20 Year Amortized Rural Credit Loan No Commission No Renewals

### TO UNION COUNTY FARMERS:-

For several years I have been working and planning for easier money to loan on good old Grand Ronde farm lands.

Finally I have arranged with one of the largest loaning companies (a company that has \$85,000,000 loaned to the farmers of the West) for a real Rural Credit loan based on a 20-year amortized plan. 20 equal payments of but little more than current interest pays off your entire debt.

You pay no commissions, choose your own date of payment and pay at your own bank. You can pay any amount of your loan at any time. This plan figures you a saving of nearly 3 per cent over the usual farm loan made heretofore in this county. If interested call and let me explain fully.
