Worms Sap Your Child's Strength

Is your child pale and fretful? Does he cry out in sleep or grind his teeth? These symptoms may mean worms and you should obtain relief at once. Kickapoo Worm Killer is a pleasant remedy that kills the worm, and by its mildly laxative quality expels it from the system. Worms sap the vitality and make your child more susceptible to other ailments. Your druggist sells Kickapoo Worm Killer, 25c a box.—Adv.

Sufferer From Indigestion Relieved.

"Before taking Chamberlain's Tablets my husband suffered for several years from indigestion, causing him to have pains in the stomach and distress after eating. Chamberlain's Tablets relieved him of these spells right away," writes Mrs. Thomas Casey, Geneva, N. Y. Obtainable everywhere.—Adv.

Stop the First Cold.

A cold does not get well of itself. The process of wearing out a cold wears you out, and your cough becomes serious if neglected. Hacking coughs drain the energy and sap the vitality. For 47 years the happy combination of soothing antiseptic balsams in Dr. King's New Discovery has healed coughs and relieved congestion. Young and old can testify to the effectiveness of Dr. King's New Discovery for coughs and colds. Buy a bottle today at your druggist, 50c.—Adv.

MARKET HOLDS ITSELF FIRM

Unusually Uneventful Week in Retail Circles—Flour Prices Readjusted Somewhat—Tomatoes About Out of the Market.

The present week has been one of the firmest and even-toned since the fall campaign on foodstuffs began. There have been unusually few changes in the retail market. Slight readjustment of a few brands of flour, a gradual decline of tomatoes, a stronger price for honey and a depressed attitude on sweet potato prices constitute the week's chief news.

IDAHO IS A BIG STATE

Government Figures Show That State to Have Enormous Area.

To those of us who remember Idaho in our school geographies as a small pink block shaped like an easy chair facing east, it may be of interest that this State, which in 1890 added the forty-fifth star to the constellation of the flag, is nearly as large as Pennsylvania and Ohio combined and larger than the six New England States with Maryland included for good measure. It is divided into 33 counties, the smallest of which is half as large as the State of Rhode Island and the largest greater than the combined area of Massachusetts and Delaware. Idaho covers an area of 83,883 square miles, divided principally between the Rocky Mountain region and the Columbia Plateau, only a small part, in the southeast corner of the State, lying in the Great Basin. In elevation above sea level the State ranges from 735 feet, at Lewiston, to 12,078 feet, at the summit of Hyndman Peak. It is drained mainly to the Columbia through Snake River and its tributaries and has an annual rainfall of about 17 inches, the range in a single year at different places being from 6 to 38 inches. The industries of the State are chiefly agriculture, stock raising, and mining. Hay, wheat, oats, and potatoes are the principal crops. A large area is cultivated by irrigation. The mineral products includes gold, silver, copper, lead and zinc. The output of lead in 1913 was valued at \$13,988, 366; that of silver at \$6,033,473. The population of Idaho in 1910 was 325,921, Overland Guidebook, Bulletin 612, U. S. Geological Survey.)

The Correct Viewpoint

MANY HAVE A MIS-TAKEN IDEA THAT IT IS BECAUSE PEOPLE ARE PROSPEROUS THAT THEY HAVE SAVINGS ACCOUNTS. PROSPERITY IN CONNECTION WITH SAVINGS IS THE EFFECT RATHER THAN THE CAUSE. THE INDIVIDUAL WHO PRACTICES THRIFT, WHO LITTLE BY LITTLE BUILDS A SURPLUS AND WITH IT CHARACTER AND REPUTATION DOES NOT WAIT FOR PROSPERITY—HE MAKES IT. WE INVITE YOU TO JOIN THE RANKS OF THOSE WHO ARE INSURING THEIR FUTURE WELFARE.
