days ago that her father, G. J. Wagner, had had a bad hemorrhage of the stomach. He has been getting along as well as could be expected, but as he is nearly 77 years old and has been ill repeatedly in the last two years, members of the family here are very anxious over his condition.

Andrew Smedsvik, who has been working on building jobs in Enterprise for a year, off and on, departed last Friday for Seattle to return to his old occupation as a sailor. He had an engagement as mate on a large Norwegian tramp steamer. Mr. Smedsvik said he was not afraid of his vessel being torpedoed, for it was not engaged in hazardous trade in troubled waters.

Many cases of pneumonia have been reported by physicians during the last week, the sufferers generally being children. Winnifred, daughter of Mr. and Mrs. E. P. Humphreys was down with the disease last week but is now improving. The small daughter of Mr. and Mrs. S. A. Gotter also has been very ill.

Asa F. Craig got home yesterday from his trip to the east, including "Old Missouri" the boyhood home of his father, George S. Craig.

Among the men migrating to the south during the week were L. J. Parker who went to Alexandria, La., and V. H. Moody and H. Delow, who went to Eldorado, Ark. They worked here all summer and probably will be back in the spring after visiting in the south.

George C. Gowing departed on Saturday for Monmouth, where his wife and daughter are. They will spend the winter there, the daughter being a student in the state normal school.

R. McCrae of Wallowa, who was at the court house the first of the week assisting in the official canvass of the vote, had to leave before the job was quite finished, to go to La Grande to meet his wife and daughter, Grace, who were returning from a six weeks' trip to California.

George Gilbert, proprietor of the Eagle Cap laundry, was in Enterprise the first of the week from La Grande seeing how the business was running. He is still gathering information relative to the installation of a public heating plant, which he hopes to put in here next summer.

C. H. Allen went to Portland on Saturday to receive treatment for his eyes. A growth has been coming over them, obscuring his vision. This will be removed, requiring the patient to remain in Portland for about two weeks.

J. R. Hammock has sold his 60 acre farm on Alder Slope to his father, N. E. Hammack, and has moved to Joseph, where he and his boys are working on the new concrete dam at the foot of the lake, under Engineer J. C. Edsall.

Rev. J. R. Payne returned last Saturday from Winner, S. D., where he has been pastor of a Methodist church for more than a year. He considers Joseph his home, but may go to Salem, where his son has gone to Willamette university.

The child of Mr. and Mrs. R. C. Adams, a girl 16 months old, died on Sunday of pneumonia which has been prevalent during the last week. The funeral was held on Monday, conducted by Rev. A. J. Adams and burial was in the Enterprise cemetery.

Word of the death of the father of Mrs. Mary Dillworth came from Ohio a few days ago. Mrs. Dillworth lived in Enterprise several years ago. Her father, John E. Landrum, died at Columbus, Ohio, November 1. Six sons and four daughters survive.

W. L. Flower, who has been a member of the Record Chieftain staff since spring, left on Tuesday for southwestern Oregon, seeking a location to go into business for himself. He went immediately to Riddle.

As L. M. Cook was riding on the running gear of his wagon last week one of his feet struck a rock in the road and was severely wrenched, be-

tic and heroic types in American stories and the drama. They are extremely versatile, gifted in many directions and distinctly good to look upon. Mr. Lockwood is your typical, clean-cut wholesome young American, while Miss Allison is a rare type of blonde beauty, winsome and vivacious.

Miss Goodrich's acting of the burdensome step-daughter of the mercenary and scheming society woman is impressive in its quiet strength. The atmosphere of this society drama is on a scale of elegance never surpassed in Morosco-Paramount photoplays.

Edna Goodrich at Arcade Tomorrow
The falsity of society, its inconsistencies and its shams are ironically shown with a delicate master-touch in "The House or Lies" the Morosco-Paramount photoplay that will be shown at the Arcade theatre Tuesday only.

The mockery in the sham gracious consideration—for appearance's sake—of the society women is an apt illustration of a wrong condition that all have seen.

Its remedy is yet to be brought forth but its treatment could not be better handled than in the artistic rendering of Edna Goodrich's new production.

Come In And Let Me Tell You About My New Farm Loan

A 20 Year Amortized Rural Credit Loan
No Commission No Renewals

TO UNION COUNTY FARMERS:-

For several years I have been working and planning for easier money to loan on good old Grand Ronde farm lands.

Finally I have arranged with one of the largest loaning companies (a company that has \$85,000,000 loaned to the farmers of the West) for a real Rural Credit loan based on a 20-year amortized plan. 20 equal payments of but little more than current interest pays off your entire debt.

You pay no commissions, choose your own date of payment and pay at your own bank. You can pay any amount of your loan at any time. This plan figures you a saving of nearly 3 per cent over the usual farm loan made heretofore in this county. If interested call and let me explain fully.
