

Thanksgiving

Upon this Day of all others, let us be grateful for our blessings, for they are many indeed, if we will count them over one by one.

At this time let us express our sincere appreciation of your confidence and patronage. It will always be our endeavor to merit your patronage through sincere appreciation.

Linens for Thanksgiving and Other Occasions

Pattern cloths and napkins, linen by the yard, all of the most beautiful new patterns; fancy linens of every description; lunch cloths and napkins, etc. It is now that most housewives will provide new linens for the entire home, and they will find our stock affords the greatest variety and choicest patterns.

The Smartest Coats

My Lady Wears

Are bought at Hill's Store, and it so happened that my lady is quite a good judge of fashionable footwear. Just now there are a number of smart new things to be seen, among them combinations of leathers, and the more beautiful shoes of a single color—gray, tan, dark blue, etc. These are street boots, and there are many other shoe styles intended for the reception or evening wear.

THANKSGIVING WILL BE A DAY OF GREAT PLEASURE WITH A DOROTHY DODD SHOE ON YOUR FOOT. SOLD EXCLUSIVELY BY

Hill's Department Store

Quality and Service

SHERRY'S

Sherry's Today and Tomorrow.

How a girl rises from life in the slums of London to one of the highest places in English society, then falls suddenly, when the deception by which she had climbed is disclosed, is told in Theda Bara's new subject for William Fox, "Her Double Life."

Miss Bara takes the part of Mary Doone, the tenement child who makes her home in The Refuge, a parish house at which Elliot Clifford (A. H. Van Buren) is pastor. When the call comes for war nurses, Mary answers. At the front she meets Lloyd Stanley (Stuart Holmes), a war correspondent, whom she had known in London. She is saved from dishonor at Stanley's hands, by the bombardment of the hospital tent. After the attack, Mary finds the body of a young girl in the tent. It is Ethel Wardley (Madeleine Le Nard), a niece of Lady Clifford's, who is on her way to make her home with the aunt she has never seen.

Mary changes clothes with Ethel, takes the girl's papers and luggage, and goes to Lady Clifford's. She is received as the niece. The aunt (Lucia Moore) loves the girl, and Elliot, the son, soon falls in love with her himself.

Then Stanley returns to England. He brings with him Ethel Wardley, who has recovered from the wounds received on the battle line. They go together to the Cliffords, and are about to disclose the truth about Mary, when the poor girl confesses.

She sees then that further life with the Cliffords is impossible, although Lady Clifford loves her so much that she wants her to stay. But Mary returns to The Refuge, to work out her salvation among the little children.

Prosperity in Oregon

Road Bonds Are Voted.

Road bonds carried in Wheeler county. This message was brought here by R. A. Ford, who was in phone communication with parties in Wheeler county. The bond issue carried by a majority of about 3000. Wheeler county has gone on record for better roads and when it comes to completing the trans-state road, Grant county should not stand in the way. The people of Wheeler county are to be congratulated on their progressive spirit and at the same time to be cautioned to be in no great hurry or to make any mistakes. The people are

on the right road. They now must demand good service from the officials who will handle the fund that goes into road building and construction and the people should see that they get a dollar's worth of road for every dollar that is spent. With good management there will be no reason why any mistakes should be made.—Cannon City Eagle.

WAR BOOSTS EVEN TIPS

Ten Cents Not Sufficient, St. Paul Bell-hops Declare in Resolution

St. Paul, Minn., Nov. 23.—(United Press)—The ten-cent tip in St. Paul was officially tabooed, by resolutions of the Hotel Bellmen of St. Paul today. At the intermission between the icewater glide and the suitcase shuffle, at the annual Bellmen's ball, resolutions were passed urging that tips be raised to 15 cents on account of the war. During the ball, the orchestra director was under orders to ring no bells with the music, and no water pitchers were allowed in sight. "What's the use of taking the joy out of life," E. J. Ryan, president of the club, said.

WAR ODDITY.

London, Nov. 23.—A wooden leg has its compensations after all. British Tommies wearing artificial limbs use the hollow part for a kit-bag when traveling around England. It has been discovered that the ordinary hollow leg will hold a hair-brush, razor, soap and a small bottle.

WHITE PLAGUE WAR OPENS

Annual Christmas Campaign by Red Cross Department Has Begun.

New York, Nov. 23.—(United Press)—The annual Christmas campaign of the Committee on Prevention of Tuberculosis of the National Red Cross to raise funds for use in stamping out the White Plague is under way today. Nine million of the little "seals" for adornment of Christmas packages are now available at the New York headquarters. It is expected that at least three and one-half millions will be sold in New York. Out of experience of former years warning has been issued that the "seals" are not postage. They are merely decorations. Persons using them on mailed packages are cautioned not to forget to put on the required number of postage stamps as well.

ARCADE

Louise Huff Coming. Girls of the sweetly sympathetic type are ideally suited to screen interpretation by dainty little Louise Huff, who was recently seen on the screen in the Famous Players production "Destiny's Toy." Miss Huff is now being presented by the same company in "The Reward of Patience" in which she plays a Quaker girl under the direction of Robert G. Vignola. Miss Huff is the typical Quaker girl type and her beauty, appealing personality and really wonderful histrionic ability add greatly to the effectiveness of the production.

A point of unusual interest in this production is the fact that Lottie Pickford, sister of the celebrated Mary, makes her re-appearance on the screen after a long rest. Miss Pickford plays the so-called "heavy" role of the society wife who deserts her husband and child and finally meets a well-deserved fate.

Exceptional efforts were made to get just the proper settings for this picture, the atmosphere of the Quaker village in which the story opens being of the utmost importance in giving the picture charm and especial interest. Those who see "The Reward of Patience" at the Arcade where it is the attraction this week, will realize that the efforts were more than worth while. Particularly charming is the waterfall near which so much of the early part of the action transpires.

Advance Man for New Pickford Pictures Here.

Guy F. Navarre, assistant manager of the Seattle branch of the Arcraft Pictures Corporation is registered at the Sommer. The Arcraft Picture Corporation is the new concern handling the new Mary Pickford productions and Mr. Navarre is looking over the local situation so he may place these features to the best possible advantage to all concerned.

Mr. Navarre states that the Arcraft pictures are meeting with very great success all over the country. The first Pickford picture, "Less Than the Dust," playing to capacity houses wherever it has been shown to date.

Eastern Star Initiates.

At the regular meeting of the Eastern Star last evening, a class was given the explication of the secret work. Among the guests present was Mrs. Gillam, past worthy grand matron of Montana, who is visiting in La Grande.

"Abe" Eaton, one of Union's distinguished citizens transacted business in La Grande today.

ORANGE EXPERTS TO AID APPLE GROWERS

California Marketing Men Will Be at Ninth National Apple Show.

The men who solved the marketing problems of the California orange growers will attend the ninth National Apple show in Spokane November 20 to 25, to advise with northwestern apple growers in an endeavor to aid in the solution of the apple marketing problem. It is announced by the board of trustees.

Among them will be G. Harold Powell, general manager of the California Fruit Growers' Exchange, which has made Sunkist oranges famous; P. J. Dreher, of Pomona, Cal., the man who 20 years ago started the San Antonio Fruit Exchange, which handles 95 per cent of the fruit of its district; C. C. Teague, of Santa Paula, Cal., the nation's foremost lemon grower; C. Thorpe, secretary-manager of the California Walnut Growers' association, and James Madison and Wylie M. Giffen, the prime movers in the California Raisin Growers' association.

The trustees also have invited J. H. Hale of Glastonbury, Conn., known as the peach king, to attend the conferences and tell his experiences.

Purpose is Educational. According to Gordon C. Corbaley, secretary-manager of the apple show, the growers' conferences will be the most important educational feature of the show. The meeting will consume four days. Half of that time will be devoted to a discussion of marketing. A day and a half will be taken to discuss orchard problems, and the remainder of the time will be given to by-products.

The marketing conferences will cover all phases of the subject, beginning with the picking and handling of the fruit and including also storage, community packing houses, mechanical helps in packing and handling, inspection, selection of varieties, number of grades advisable for eastern markets, improvements in package, and organization plans that will insure profits to the growers. The service of the United States Office of Markets will be discussed, as will uniform accounting for marketing organizations, advertising to develop markets, and revision of horticultural laws.

Study Orchard Problems. Beginning with fruit buds, the subject of orchard problems will include talks on the maintenance of vigor in old trees, feeding the trees so as to produce fruit in profitable quantities, fertilizing, cover crops, summer pruning, pest control and orchard accounting.

In the by-products conference, Dr. J. S. Caldwell of the Washington State college will lead a discussion on the evaporator question. W. H. Paulhaus will tell what can be raised for profitable sale in cans, and what the grower can realize from this kind of product. How the Wenatchee district is meeting the evaporator problem in a community way is another phase of the subject that will be discussed.

LIVING MODELS IN LATEST FASHIONS

Spokane Beauties Will Exhibit Gowns at National Apple Show.

Twenty living models attired in the latest afternoon, evening and street gowns and hats will be one of the attractions of every night's program at the ninth National Apple show, to be held in Spokane November 20 to 25.

Representatives of the leading Spokane stores have agreed to cooperate in staging a novel style show similar to those which feature the social life of New York, Chicago and other eastern cities. Every garment shown will be worn by one of the young women models, who will occupy the stage in the apple show auditorium.

"For this purpose the stores have instructed their New York and Paris representatives to forward immediately the very latest things from the world's fashion centers," states Gordon C. Corbaley, secretary-manager of the apple show. "We are assured that every one of the latest things decreed of Dame Fashion will be displayed at the apple show."

CHARLIE CHAPLIN IS APPLE SHOW CARD

Marie Dressler and Annette Kellerman Also Booked For November Exhibition.

Charlie Chaplin and Marie Dressler will be welcome visitors at the ninth National Apple show, in Spokane, November 20 to 25.

The most celebrated comedy in which these stars of the screen ever participated—"Tillie's Punctured Romance"—has been engaged for a week's run in the free movie theater at the apple show. Six hundred seats have been provided, as it is expected most of the apple show visitors will wish to see this side-splitting film.

A selected series of Charlie Chaplin's funniest films also has been secured, as has the famous spectacle "Neptune's Daughter," featuring Annette Kellerman. All the pictures will be shown each afternoon and evening the entire week of the show.

Come In And Let Me Tell You About My New Farm Loan

A 20 Year Amortized Rural Credit Loan
No Commission No Renewals

TO UNION COUNTY FARMERS:-

For several years I have been working and planning for easier money to loan on good old Grand Ronde farm lands.

Finally I have arranged with one of the largest loaning companies (a company that has \$85,000,000 loaned to the farmers of the West) for a real Rural Credit loan based on a 20-year amortized plan. 20 equal payments of but little more than current interest pays off your entire debt.

You pay no commissions, choose your own date of payment and pay at your own bank. You can pay any amount of your loan at any time. This plan figures you a saving of nearly 3 per cent over the usual farm loan made heretofore in this county. If interested call and let me explain fully.

GERALDINE FARRAR'S SUIT OF SILVER ARMOR FOR JOAN OF ARC WAS FITTED BY TINSMITH, NOT BY A SEAMSTRESS.

Standing for hours while the seamstress fits a gown is entertainment by comparison with the tediousness of having an armor fitted while you wait. During the making of Cecil B. DeMille's production of "Joan of Arc," Geraldine Farrar, the famous prima donna, spent whole days as the model about whom a suit of silver metal was hammered and bent into form. "There is one advantage of metal over cloth as material for garments," said Miss Farrar. "There are no pins to stick you." One of the features of Miss Farrar's metal suit is that it is so cleverly made she is able to mount and dismount from her horse while in the full regalia of the commander-in-chief of the French armies.

Twenty-two Aviator's Toll. Lieutenant Guynemer has destroyed his 22nd German aeroplane. The Paris, Nov. 23.—(United Press)—night was calm along the entire front.
