BETTY'S LIFE SAVED BY USE OF RED CROSS SEALS

She Was Taught How to Care For Herself After Her Mother Had Died

"She was real pretty, and so full of fun that the dimples were always showing in her round, red cheeks." The visiting nurse of the Anti-Tuberculosis Society was talking. "Her

eyes were big and brown and nut-colored hair curled naturally in little ringlets over her forehead and ears. She was just eighteen when we first met her and so neat and attractive that one would think she belonged to the well-to-do class of working people, but when we followed her to her home one day we confronted startling facts. "The red in her cheeks was the flush of unnatural inward fever, the high spirits were a pitiful antidote to pit-

less conditions, and the big brown eyes saw only squalor when they were not fixed upon a typewriting machine or closed persistently to any view but an imaginary bright one. "The room we entered was a general living space, used also as an eating, cooking and sleeping apartment. There was but one bed, and Betty had to sleep in it with her mother, who was too weak to sit up. An open cuspidor sat where it would be conveniently near the bed, which placed it by the stove, where their food was cooked. The mother who was suffering in an advanced stage of tuberculosis, did not like cold air, and her querulous demands caused Betty to keep the door and windows closed.

"Well," said cheerful Betty, with a laugh, "that isn't so bad as not having any windows or doors to close, is it? Things might be worse." "Infinitely worse," said I. "You might even take a notion to stuff the windows and doors with rags to cut out what oxygen comes through the cracks." "Red Cross Christmas Seals, with their cheery message of hope, gave Betty a chance to get well after her mother died. Is it worth while to save the Bettys? Buy your share today."

Sloan's Liniment Eases Pain. Sloan's Liniment is first thought of mothers for bumps, bruises and sprains that are continually happening to children. It quickly penetrates and soothes without rubbing. Cleaner and more effective than musky plasters or ointments. For rheumatic aches, neuralgia pain and that grippy soreness after colds, Sloan's Liniment gives prompt relief. Have a bottle handy for bruises, strains, sprains and all external pain. For the thousands whose work calls them outdoors, the pains and aches following exposure are relieved by Sloan's Liniment. BOOK EXHIBIT HERE ONE DAY

Librarian Comments Upon Books Most Widely Read, and Gives Instructions to Parents in Seeing Exhibit.

Miss Lucile Haley, librarian at the public library, announces that the exhibit of children's books at the La Grande Public Library will remain here only through Wednesday, Dec. 13th. This exhibition is free, and all parents are invited to examine the books. Hours 1-6, 7-9 p. m., Sunday 1:30-5:30.

Among the books which have attracted most favorable comment are the following: Reed's "Western Bird Guide," which has colored illustrations as an aid to identifying different kinds of birds. "Stories from Hans Christian Andersen," illustrated by Maxwell Armfield. "Two Years Before the Mast," by

Richard Henry Dana, Jr., with illustrations by E. Boyd Smith.

"Tales from Shakespeare," illustrated by Arthur Rackham. "The Dutch Twins," by Lucy Fitch Perkins. This book, and others in the same series: "The Japanese Twins," and "The Irish Twins," are among the most popular books in the La Grande Public Library.

Lists of recommended books for children are distributed free of charge. These are early gone, but a few more may be obtained on re-

quest. The lists contain the titles of many attractive books, which are less expensive than some of those on exhibition.

"If young people are encouraged to demand the latest instead of the best books, a tendency now all too manifest among adult readers will be accentuated. There is grave danger that the race will develop a ragtime disposition, a moving picture habit and a comic supplement mind."—Henry E. Legler, librarian Chicago Public Library.
