Quality the same—Prices less

Suppose Thomas Chalmers came to your house Christmas Eve and sang "O Holy Night." It would be a treat, wouldn't it?

Do you know that  
**The NEW EDISON**

reproduces Chalmers' voice so perfectly that you cannot tell his living voice from the New Edison's Re-Creation of it? That sounds like an extravagant statement, doesn't it? But it has been proven in public. It is a fact.

Will you have Real Music in your home  
at Christmas?

The New Edison, to which the New York Globe refers as "The Phonograph with a Soul," gives you absolutely the exact and literal re-creation of the art of the world's great artists. Think of the wonderful artists whose living voices have been compared with the New Edison's

Re-Creation of them without the slightest difference being discovered between the original and the re-creation. Among the great artists who have made these astonishing tests are Matzenauer, Rapold, Case, Heinrich, Miller, Zenatello, Urtis, Middleton, Chalmers, Goritz and Ciccolini.

COME TO OUR STORE

We want you to hear the re-created voices of these great artists, then we want you to listen to the New Edison's Re-Creation of the violin, the cello, the flute, the harp, the piano and, finally, to the wonderful orchestra Re-Creations. Please remember that there is positively no obligation to buy. We merely want you to listen.
