Chamberlain's Cough Remedy.

This is not only one of the best and most efficient medicine for coughs, colds and croup, but is also pleasant and safe to take, which is important when medicine must be given to children. Many mothers have given it their unqualified endorsement.

SHERRY'S

Little Zoe Rae is the featured player in "Gloriana," the Bluebird play to be exhibited at the Sherry Theater for the last time tonight when "Bluebird Day" once more comes around. For the reason that more than a score of children, led by Miss Rae and Master Gordon Griffith, will appear in the company, this piece is expected to be especially appealing to women and children who spend part of a leisure afternoon at the "movies". But it must not be considered that this is to be a story made to appeal only to the juvenile mind; there is a good plot and in its unfolding there are some vigorous scenes, beautified

by the best photography and presented by a company selected because of the individual fitness of the player for the role assigned. Wm. Canfield, J. J. Cook, Virginia Foltz, Clarissa Selwynne, Irene Hunt and Mary Talbot will appear in support of the children.

Sloan's Liniment Eases Pain.

Sloan's Liniment is first thought of mothers for bumps, bruises and sprains that are continually happening to children. It quickly penetrates and soothes without rubbing. Cleaner and more effective than mussy plasters or ointments. For rheumatic aches, neuralgia pain and that grippy soreness after colds, Sloan's Liniment gives prompt relief. Have a bottle handy for bruises, strains, sprains

Your Body Is Like Your Furnace.

If you ever get tired and want to know how to rest up, there is a very helpful article in the December American Magazine which gives some tips about resting. The writer says:

"Now everyone who has tended a furnace knows that if he were to keep on burning coal without shaking down the refuse, he would soon have a bed of clinkers, and the fire would go out. Your whole body, brain and brawn, is built on the furnace principle. If you keep on using your hands or your head for a long time at a stretch, clinkers begin to accumulate—only we call them 'waste products' in this case—and your fire flickers and burns low. That is fatigue.

"It is the business of the blood to keep these waste products cleared out. A single drop of blood makes the rounds of your body in less than thirty seconds, picking up infinitesimal clinkers on 'the fly' and whizzing them to the organs of excretion, kidneys and lungs where it discharges them.

"If the blood were only able to sweep out these waste products as fast as they are formed, we would never be tired. But, instead they accumulate, and soon we have muscular or nervous fatigue. The latter comes more quickly because the nerve cells are more susceptible than the muscles."

Stomach Trouble and Constipation.

Those who are afflicted with stomach trouble and constipation should read the following: "I have never found anything so good for stomach trouble and constipation as Chamberlain's Tablets. I have used them off and on now for the past two years. They not only regulate the action of the bowels but stimulate the liver and keep one's body in a healthy condition," writes Mrs. Benjamin Hooper, Auburn, N. Y.

His Wife Made Him Make Good

In the January American Magazine a writer who believes that married men are more successful than bachelors says:

"It was a big and quick rise for Billy Matthews. Yet it was not until he married the up-river girl that his real success came. He had been holding down the city editorship for five years then and had just passed his thirtieth birthday. But after that he began to climb. And he never stopped until he was head and front of all the works. His salary was only a drop in the bucket so far as income was concerned. Opportunity after opportunity came to him for profit in side lines. He became a rich man. And then he did some thing which gave him the supreme satisfaction of his career. He returned to the city that had witnessed his youthful failure, and he bought the newspaper on which he started, and from which, for alleged incompetency, he had been discharged."

Chamberlain's Tablets.

Chamberlain's Tablets are intended especially for stomach troubles, biliousness and constipation, and have met with much success in the treatment of those diseases. People who have suffered for years with stomach trouble and have been unable to obtain any permanent relief, have been completely cured by the use of these tablets. Chamberlain's Tablets are also of great value for biliousness. Chronic constipation may be permanently cured by taking Chamberlain's Tablets and observing the plain printed directions with each bottle.

The result of railroad operations for the fiscal year ending June 30, 1914, compared with the previous fiscal year, showed the gross earnings decreased \$44,000,000, while expenses and taxes increased \$76,000,000. Taxes alone increased \$12,610,402.

How to Prevent Croup.

In a child that is subject to attacks of croup, the first indication of the disease is hoarseness. Give Chamberlain's Cough Remedy as soon as the child becomes hoarse and the attack may be warded off and all danger and anxiety avoided.

—Adv.

The average dividend paid by the railroads in 1913 was 4.28 per cent. Of the total capital stock, one-third paid no dividends and 10 per cent of the total funded debt paid no interest. The railroad industry of the United States has 1,848,883 employees to whom it pays \$1,390,025,286 in wages.

ARCADE

The Captive God

"The Captive God" in which William S. Hart is starred on the Triangle program at the Arcade today and tomorrow is the story of a little Spanish boy who is cast upon the shore of the east coast of Mexico early in the sixteenth century, when Mexico was dominated by the Aztec Indians. Never having seen a white person before, the local natives, a tribe called Tehuans, bring him up as a god and call him Chiapa.

When he reaches manhood, Chiapa is given authority over his entire tribe. He falls in love with the priestess, Tecolote, and she yields to his

advances although she is quite unworthy of him, and encourages other suitors.

Then the Aztecs hear that under the white god the Tehuans are very prosperous, and start forth to conquer them. The Aztec army is under command of Mexitli, the chief general of Montezuma, the Emperor; and having conquered the Thunns, he carried off Tecolote as his personal slave.

Chiapa follows as a spy. In the garden of Montezuma, he is wounded by a guard; but Lolomi, the beautiful daughter of the Emperor, saves him. They fall in love. Meanwhile Mexitli has tired of Tecolote, and now seeks the hand of the Princess Lolomi, who would rather die than have him. As the Emperor gives Mexitli his consent, he tries to get the princess by force, and in doing so discovers Chiapa.

Chiapa is sentenced to die at the end of the year on the sacrifice stone. But Lolmi, finding her pleas to her father of no avail, sends word to the Tehuans that their god is captive. An avenging army sweeps down, and there is brought about a sequence of thrilling scenes with a smashing finish.
