THE CHIMES

Lord, through this hour Be Thou our guide, So, by Thy power, No foot shall slide.

Everyone who has lived within sound of the Bells of Westminster is familiar with the verse given above. The origin of the carillon has never been positively established.

As a home institution serving the people of this locality—enjoying your good will and business favors, we have in the past endeavored to show our appreciation by presenting our patrons with calendars and novelties and otherwise recognizing your co-operation in making this a serviceable and successful banking house.

port. We wanted to show our appreciation in a substantial way and have therefore purchased of the manufacturers, the McClintock-Loomis Company of Minneapolis, Minnesota, including the exclusive rights for this city, a large handsome clock combined with a set of soft and most beautiful chimes.

At the quarter, half and three-quarter hour, these Chimes will ring out in various musical combinations; at quarter past the hour, four strokes—Westminster, at half past the hour, eight strokes—Reveille; at three-quarters past the hour, twelve strokes—Cathedral peal; and on the hour, sixteen strokes—Westminster, followed by the striking of the full hour, in a clear vibrant tone.

May we hope that the Chimes will mean something to all of our people—that they will have a message for the youngster on his way to school; a thought for the business man who hustles through his day; a solace for the old.

Every day of the week the chimes will be sounding their message—the note of warning spoken in time; the chime of rejoicing; the lament in time of sorrow. This chime will be all things to all men for it is going to belong not to us alone, but to men and women and children of our community.

Imbler Team Beaten By Score of 49 to 14

Visitors Have a Fast Team But Were Handicapped By Playing on a New Floor and Shooting at New Baskets.

The Y. M. C. A. basketball team defeated the Imbler town team Saturday night at the Y. M. C. A. gymnasium by the score of 49 to 14. The score does not, by any means, show the playing ability of Imbler; the team is a fast one, but the fact that they were playing on a new floor and the baskets were new to them made their score so low.

the Savoy Hotel, and states that he will give prices and estimates to any one desiring to have work done for the future.

Kamela

Kamela, Jan. 8.—(Special)—The weather has been very disagreeable this past week. There has been either snow or rain every day so far.

The snowplow has been quite busy keeping the track free from snow. The railroad has employed a number of men on the section.

The railroad has taken one of the light engines off of the Kamela helper service. Business getting slack again after the rush is the reason given. The wipers say they only had one

engine to clean Thursday night. School started Tuesday but many of the pupils could not go on account of the grippe which seems to maintain a good hold on Kamela.

Mrs. John Curran returned home from La Grande Friday morning. She went down to see the doctor as she has been quite ill. Her two boys, John and Dan, have also been quite ill.

Ed Wetzel was hurt by the steam plow Friday. His hip was cut an couple teeth knocked loose. He was taken to La Grande.
