

Fifty-eight per clock-tick

Every time the clock ticks, fifty-eight Fatimas are lighted somewhere in the United States. No other high-grade cigarette has so many unchanging, unswerving friends.

This shows that men *do* appreciate cigarette-comfort.

For, Fatimas are comfortable. Not only comfortable while you smoke, but more than that, comfortable after you smoke—even though you may smoke the whole day through.

The Fatima Turkish blend is so carefully balanced that it has none of the after-effects of heavier, less skilfully blended tobaccos. That's why Fatimas are comfortable (hence, sensible)—as your first package will prove.

TOLD OF HIS WIFE'S DEATH

Lane County Engineer Libby Bears Up Under Sad News.

Eugene, Jan. 8.—(Special)—H. W. Libby, county engineer, when apprised last week of the sudden death of his wife, took the news calmly and

the attending physicians say they fear no set-back in the condition of the patient.

Mr. Libby has been suffering severely from pneumonia and was so ill when the death of his wife was found in her bath tub, that it was deemed inadvisable at that time to inform him of her death. During the past few days he had frequently asked for his wife. He received the news calmly, but his grief was plainly apparent.

County Judge H. L. Bown and County Commissioner M. H. Harlow were present when the doctor informed him of Mrs. Libby's death. Judge Bown and Mr. Harlow gave him words of sympathy and urged him to bear up and strive to get well for the sake of his four little children.

Water Case Settled.

Baker, Or., Jan. 8.—(Special)—Settling a long-fought water rights dispute between R. R. Ruddell, on the one hand, and Roy Evans, Jerry Fleetwood and James W. Trimble on the other, a decree was signed by Judge Anderson today.

The decree gives Mr. Trimble prior right to 10 inches of water from Beaver Creek for irrigation purposes and gives Mr. Ruddell the right to 25 inches miner's measurement at a 6-inch pressure, with which to fill a reservoir known as Ruddell reservoir up to its 50 acre-foot capacity.

Dry Laws Coming Up.

Portland, Jan. 8.—(Special)—In addition to its worries over the bone-dry amendment, with every prospect of complications over the question of whether possession of liquor shall be made a crime, the coming session of

the Oregon Legislature will have to wrestle with the issue of National prohibition.

Three joint memorials to Congress, each bearing on some phase of the National prohibition question, have been prepared by State Senator B. L. Eddy, of Roseburg, by request of the Anti-Saloon League, for submission to the Legislature.

The first of these joint memorials asks Congress in the name of the state of Oregon to submit to the states for ratification a National prohibition amendment. It recites that 23 states of the Union already are dry and asserts that prohibition has had beneficial results wherever tried.

If this memorial is adopted it will have the effect of putting Oregon formally on record as one of the necessary 36 states—two-thirds of the 48 in the Union—that would vote through its Legislature to ratify a National prohibition.

bition amendment to the Federal Constitution.

The second joint memorial petitions Congress to close the mails to all written or printed matter advertising intoxicating liquors for sale, or other distribution. It sets forth that officials of the 23 dry states are hampered in enforcing the law by the circulation through the mails of liquor advertisements.

The third joint memorial asks Congress to pass a law to make the District of Columbia dry. It declares that as Washington is directly under the government of Congress, to permit the sale and traffic of intoxicating liquors is "an evil example to the Nation."

BREWING BARLEY NETS \$40.00

Eastern Breweries Buy 1437 Tons At This Price in Walla Walla.

Walla Walla, Wash., Jan. 8.—(Special)—A record price for brewing barley was paid this week when 1437 tons were bought for \$40 a ton. The barley is to be shipped East to breweries. Owlsey & Case purchase; the lot, getting 1037 tons from R. H. Johnson, 200 tons from the Preston Shaffer Milling Company, of Waitsburg, and 200 tons from the Kinder estate, of Pomeroy.

Barley has been quoted at a good price since early in the winter, as high as \$37 and \$38 having been paid and up to \$40 for a few choice small lots. This is the first time such prices have been paid for a quantity as large as this, however.
