

At Last--A Reliable Remedy FOR Constipation

PHYSICIANS everywhere have endorsed the use of Mineral Oil as an effective remedy for constipation. This oil acts as an intestinal lubricant and does not upset the stomach and other organs like most cathartics and laxatives do.

It is slow in action, but gradually overcomes the conditions which cause constipation.

SOLOX MINERAL OIL

is equal to the famous Russian Oil which was formerly sold in this country. The regular use of Solox Mineral Oil will effect a permanent cure. This makes it preferable to mineral waters which must be used regularly.

George Cannell, proprietor of the Fourth Street Grocery, is showing a slight improvement. Mr. Cannell has been confined to his home the past four weeks with an attack of rheumatism.

Liquor Importations Keep Up.
Liquor importations for this month bid fair to come close to the record established for La Grande last month when 1430 "packages" were received. The average of 50 a day excluding Sundays, made last month, is continuing. It is thought that the reason for the heavy importations is that people believe the state legislature will soon take action making the "bone dry" law passed by the people in November effective.

La Grande to Have State C.E. Convention

On February 16, 17 and 18, La Grande will be hostess to a large number of delegates from all over Eastern Oregon to the state Christian Endeavor convention. This is the first state Christian Endeavor convention to be held in Eastern Oregon for a number of years, and its coming is heralded with great delight by Christian Endeavor workers.

Committees are now at work for the entertainment of delegates and for the formation of the program.
On Monday, January 22, C. C. Hamilton, a field-worker for the Christian Endeavor World, will be in La Grande. He is a pre-convention booster.

Many Attend Funeral of Respected Pioneer

Services for George W. Jett Among Most Impressive and Largest Attended Ceremonies Ever Held at Baker.

Baker, Jan. 10.—(Special)—One of the most impressive and largest attended funerals ever held in Baker was that Sunday afternoon of George W. Jett. Welch's chapel was filled and many stood outside the building, by those who wished to pay their last respects to the well known pioneer. Nearly 100 members of Gauntlet lodge No. 8, Knights of Pythias attended in a body and took part in the ritualistic services at Mt. Hope. Grand Keeper of Records and Seal Walter G. Gleeson came from Portland and Past Grand Chancellor Marion Davis came from Union as representatives of the Grand Lodge.

Rev. A. R. Willett, pastor of Calvar Baptist church, officiated and delivered an impressive sermon. Rev. Ward MacHenry, pastor of the Presbyterian church, read the scriptures. Solos were sung by Mrs. Cecil Stuller and James W. Day.

Harry G. Gray, chancellor commander and D. P. Tyler, keeper of records and seal, of the local lodge, were in charge of the work by the lodge and were assisted by Mr. Gleeson and Mr. Davis. Floral offerings were many.

COMMUNITY CONSCIENCE (Continued From Page One)

people today, as always, need two things: social conscience, and a community mind. Inasmuch as ever a human being is a member of the body politic one member's misfortune is everyone's misfortune, Miss Watson said. She drew an analogy from the human body and its members.

"If you read the right novels in the right way and with the right interest you will develop, if you already have not these things, a social conscience and a community mind," said Miss Watson. "Mankind," she continued, "now has sufficient knowledge to prevent typhoid fever or cholera, but mankind does not put its knowledge together. 'Team-work' is just another name for the community mind and unless you and I use team work we are

not going to advance nearly as far as if we play together.

"The Great War now holds us and, as a family which has a sick member thinks of nothing but the present, so we of the world are thinking of nothing but the crisis brought on by the great war. But it may be a good thing for us now, to think of civic questions. When the Panama Canal was being built we of the Pacific Coast were told that the immigrant problem would come to us when Europe's hordes poured through the canal to the west. But the war apparently delayed the coming of that problem. But, what about the time when the war is over?"

The books which Miss Watson urged her hearers to read were: Uncle Tom's Cabin, The Jungle (Upton Sinclair), The Pit and the Octopus (Frank Norris), A Certain Rich Man (William Allen White), A Life For a Life (Robert Herrick), The Chasm, (George Cram Cooke), The Harbor (Ernest Poole), In a Far Country and Inside of the Cup (Winston Churchill).

Deputy Sheriffs Make Trip in Skis

Baker, Jan. 10.—(Special)—Robert Nelson, deputy sheriff, accompanied by Ly Dunham Miles a miner, left last Friday for East Eagle, to sell the Thronson property, a small quartz mill at sheriff sale. The last 12 miles of the trip were made on skis, in about six feet of soft snow. Mr. Nelson enjoyed the skiing as he is an adept at the sport, his companion reported.

The record jump in the Canadian Northwest is 167 feet; this was beaten by Mr. Nelson several times, according to Miles, who is an old-timer in the snow. They got back to Baker safely, to find that the party whom the judgment was against had been to the sheriff's office during their absence and settled the judgment and costs which in all amounted to about \$300; thus making their trip for naught.

Bopp Case Goes to Jury.

San Francisco, Jan. 10.—(United Press)—The Bopp case went to the jury. Detectives searched Crowley, Bopp's confidential investigator for weapons. None were found.

Pittsburg Police Do Not Arrest Thaw

New York, Jan. 10.—(United Press)—Thaw's lawyer claimed he was en route to New York intending to surrender. Pittsburgh police refused to arrest him until they saw copies of the indictments. His family asked the public to withhold judgment until the facts were known.

Legislature Asked to Appropriate \$25,000

Salem, Jan. 10.—(United Press)—The Northwest Tourist Association asked the Legislature to appropriate twenty-five thousand dollars to exploit Oregon scenery.
Muller presented a bill to make employers deduct aliens' taxes from their wages.
The Senate passed a resolution that the ways and means committee report all appropriations before the sessions thirtieth day.

Bank Re-Elects Its Present Officials
