

For That Tickling In Your Throat

If you are troubled with coughing, hoarseness, voice-strain or tickling in the throat, place one of

MULFORD'S BRONCHIAL TROCHES

in your mouth and let it slowly dissolve. The irritation and tickling will gradually disappear.

These troches contain no opiates and therefore, a safe remedy for regular use. Put up in convenient form so that they may be carried in the pocket or hand bag.

Fred Ames, a prominent farmer of Telocaset, was in La Grande on business today and paid a pleasant call at

Farming takes some work, mixed up with some brains, says Mr. Ames, but those who are willing to work, he says, will surely make good. Mr. Ames says that while there are still some jack rabbits left, that they are not the pest they were a few years ago. The last hard winter put the kibosh on quite a few of them.
