JOB "TOO SOFT" FOR HIM

San Francisco, Cal., Jan. 13.—(United Press)—Policeman Robert Herel had a soft job. All he had to do was make a bent 2000 miles long; handle the cases on 13 islands; climb mountains 3800 feet high after prisoners and collect the tolls from 4500 people.

Policeman Herel comes from the Marquesa group of islands in the mid-Pacific. He arrived on the liner Moana.

"The job was too soft. 'I'm going over to France and fight," he said.

BIG AUTO SHOW IS TO BE HELD SOON

RESERVATIONS FOR SPACE ALREADY NUMBER 131 AGAINST 91 LAST YEAR.

J. M. REIG IS TO BE MANAGER

Drawing for Space Conducted at Multnomah Hotel and Exhibit Will Be at Armory.

Portland, Jan. 13.—(Special)—Portland is to have a big auto show. It is to be staged at the Armory during the period commencing Saturday, January 27, less than three weeks away, and running until the following Saturday, February 3.

The show is to be under the direct auspices of the Dealers' Motor Car Association of Oregon, of which M. O. Wilkins is president. Joseph M. Reig, who has directed the destinies of the seven annual automobile shows preceding this year's event in Portland and who successfully handled the auto shows that have been held at the Oregon State Fair building during the past three years, has been engaged to manage the coming exhibition in Portland and already has his plans definitely formulated.

A. B. Manley is Chairman. The chairman of the dealers' show committee is A. B. Manley, with A. G. Pughlight and H. L. Keats as fellow members.

As yet the dealers have not decided whether or not an annex is to be erected on the Eleventh-street side of the Armory, covering which permission of the City Council has already been granted. Decision in this matter depends somewhat upon the allotment of space for the 24 motor trucks that are to be on display in conjunction with the 107 pleasure cars for which space has now been engaged.

If the truck dealers will consent to have their vehicles placed in the artillery room, as they were last year, or if accessory exhibits are excluded and all pleasure cars selling for less than \$1000 are placed in the ballroom on the second floor of the Armory, it will probably not be necessary to erect the proposed annex.

However there is a demand among some of the dealers that trucks be sprinkled in among the pleasure cars in the main exhibit room and if this plan is followed broader space will be required. The proposed annex, if built, would be 50 by 150 feet in area and to temporary frame construction, similar to the buildings that have been erected in years past for the land products show.

Pledges Exceed Last Year.
Last year's auto show, with 91 cars, was the largest exhibition on record in Portland, but already 131 cars have been signed up for this year's event, a gain of 40 vehicles.

For his decoration scheme this year Manager Reig is planning to use royal blue and white bunting for the ceilings and old-fashioned picket fencing to mark off the aisles. The floors are to be covered with burlap and square posts are to be used again to herald the names of the cars in the respective booths. Both band and vocal music will be provided and a society night is being talked of. Providing the floor on the second floor is clear dancing will probably be indulged in.

The sessions are to be held between the hours of 1:30 and 5:30 in the afternoons and from 7:30 to 10:30 in the evenings, except the final night, when the doors will be open longer.

One thousand large posters have been ordered by Mr. Reig to be used for advertising purposes and an order has also been placed for 10,000 stickers for mail matter. Arrangements have been made with the railroads to give special rates of fare and a third from all points in the Portland territory.

Four Firms to Show 48 Cars.
Four different automobile firms, Boss & Peake Automobile Company, Manley Auto Company, Northwest Auto Company and the Pacific Kessel Kar branch, have engaged spaces for the display of 12 cars each among the various lines which they carry. The next largest exhibitor will be W. B. Doan, distributor of Paige and Saxon cars, who wants space for eight cars. The H. L. Keats Auto Company will display seven vehicles, the Covey Motor Car Company six cars and the Oakland and Buick distributors five cars each.

Four cars each will be displayed by Mitchell, Lewis & Staver Company, the Oldsmobile Company of Oregon, H. L. Mann Motor Car Company, the Winto Company, the Overland Pacific Company and the D. C. Warren Motor Car Company. Three cars are to be exhibited by each the Oregon Motor Car Company, the Braley Auto Company, the White Company, the Roberts Motor Car Company, the McCracken Motor Car Company, the Keoring Machine Company, and the Columbia Carriage & Auto Works. Two trucks are to be displayed by Ballou & Wright, while each of the following retail dealers in the Ford car will place one car in a general Ford exhibit: Francis Moto Car Exchange, Palace Garage, Regner & Fields, Talbot & Casey, Rush-
