

Who Shall Fill the Prescription??

We can fill any Physicians' Prescription. It is essential that your prescriptions have every bit of the potency that the physician relies upon or else results will be disappointing. To insure this, drugs must be fresh, pure, active and must be properly compounded. Our trade is very large which insures rapid selling and, hence, freshness. We have the drugs called for. All prescriptions are compounded by registered pharmacists and the price is always reasonable.

Senator Pierce voted against the memorial to ask the president to return the Oregon troops on the ground that the legislature should not interfere in the military affairs of the nation.

A typographical error in Sherry's advertisement yesterday made it appear that their bill was "The Burglar of Algiers". It should have been "The Bugler of Algiers." The error was very pardonable, the proof-reader evidently thinking Algiers was the home of burglars. I don't know which I'd rather not meet on a dark night, a burglar or a bugler. But we went to see "The Bugler of Algiers" at Sherry's last night and it was a very good show.
