

It's because their Turkish blend is BALANCED

Balanced—that is what makes Fatima's blend comfortable, both while you're smoking and afterward, too.

The milder tobaccos in this Turkish blend are so well balanced with the richer, fuller-flavored leaves as to entirely off-set all "oily heaviness"—the cause of discomfort in so many other cigarettes.

And this very blending which makes Fatimas so comfortable (and therefore so sensible) is also just what imparts that unusually good Fatima taste.

But even so, you alone can decide whether or not you like Fatimas. That's easy to settle—try them.

Morrow Sheep Are Infested With Scab

Pendleton, Ore., Jan. 23.—(Special)—A serious outbreak of scab among the sheep of Morrow county is reported, according to Supervisor W. W. Cryder of the Umatilla national forest, who has received several advices from there. The Heppner Gazette-Times also contains an account of the outbreak.

One account says that no less than 20,000 sheep are within the infected area which is around Sand Hollow, Cecil and on Willow creek. Dr. W. H. Lytle, state veterinarian, is in charge of the situation and has established a quarantine to prevent the spread of the disease. Dipping is said to have been commenced despite the unfavorable weather and every effort will be made to keep the disease from spreading to other bands.

MURDER LAID TO TAUNTS OF GIRL, SOCIETY OUTCAST

W. H. WELLS

Columbus, O., police say Wells of Kansas City, Mo., has confessed to the murder of Mona Simon, former choir girl of Philippi, W. Va.

Wells said, according to the police, the girl's taunts that she was a social outcast who sought to avenge her downfall on men, led him to shoot her. The body of the girl was found in a room in the fashionable Deshler hotel, which Wells says he and the girl occupied.

Milk Cuts Living Expenses

(From the January "Extension News", issued monthly by the Oregon Agricultural College.)

More milk in the diet of the average American family would help cut down the high cost of living, in the city as well as in the country. Although milk is one of the cheapest animal foods the average per capita daily consumption of milk in the entire country is but one-eighth quart, whereas a full quart is none too much. At 10c a quart 10c will buy more food material in milk than in meat at 30 cents a pound or eggs at 50 cents a dozen. A quart of milk supplies approximately as much building material and energy as 3-4 pound of meat or eight average eggs. Milk combined with large quantities of vegetable food will allow a material reduction in the amount of more expensive animal foods, and should not be used merely as a beverage. A study and comparison of food and economic values of the common food materials is necessary if the American housewife in these times of soaring prices is to get the best answer to the question, "How can I get the best food at the lowest cost for those depending upon me?"

The Whipp Concert. Hartridge Whipp, Oregon's noted baritone, accompanied by Leonard Fisher Whipp, will give a song recital at the Methodist Episcopal church on Tuesday evening January 30. Ceasar Bos, the well known vocal coach and accompanist who recently appeared in Portland as accompanist with Madame Julia Culp, the famous Dutch Lieder singer, and with whom Mr. Whipp had daily lessons, said "Mr. Whipp's voice is perfectly placed, and I predict for this young man a wonderful career as a concert and operatic artist."

Jailed For Use of Indecent Language

William Compton, Joe Talbot and Burrell Belmer are serving five-day sentences in the city jail because they used indecent language to a waitress in the Merchants restaurant Sunday night. The police say they have had trouble with the men before, particularly with Belmer. Judge Enkin fined the men \$10 each yesterday but in lieu of the money the prisoners are costing the city money and being allowed \$2 for each day they are incarcerated.
