Soon Over His Cold. Everyone speaks well of Chamberlain's Cough Remedy after having used it. Mrs. George Lewis, Pittsfield N. Y., has this to say regarding it: "Last winter my little boy, five years old, was sick with a cold for two or three weeks. I doctored him and used various cough medicines but nothing did him much good until I began using Chamberlain's Cough Remedy. He then improved rapidly and in a few days was over his cold."

Leonora Fisher Whipp. Mrs. Whipp, who will assist Hart-ridge Whipp, the distinguished baritone in a song recital at the Methodist Episcopal church Tuesday evening, January 30, is a virtuoso as an accompanist, being at all times sympathetic in the extreme, the two making an artistic combination rarely found.

As a matter of fact this wonderful little disk stove is ready to cook in much less than one minute from the instant you turn the switch. And you can cook on it practically anything you wish. It is, perhaps, the most convenient and useful of the great variety of electrical cooking devices now within the reach of all, not excepting those receiving the more modest incomes. It represents the genius of the "Light House Keeping Age" now opening to us—banishing as with a fairy wand all the nuisances of smoke, soot, disagreeable odors, and tiresome delays. You cannot fully appreciate its many virtues until you actually use it. Come in and cook on the fine little G-E stoves we carry in stock and learn a lesson in real convenience. MARGUERITE CLARK. FAMOUS PLAYERS STAR IN PARAMOUNT PICTURES.

It has never been necessary for Marguerite Clark to make an appeal for popularity, either through publicity or otherwise. Her popularity has come because of her singularly appealing personality. People believe in her just the same as they did in Peter Pan's fairies, because everything she ever did was so real.

North Powder News

Horse Buyers Are Not Offering Enough to Get Animals—It Has Been Cold in North Powder.

North Powder, Jan. 24.—(Special.)—Old King Winter has been having full sway in this part of the country the past few days and we might say several of them. The thermometer has run lower than 30 degrees below in town and 20 degrees out in the country. North Powder seems to be the coldest of any spot in this vicinity. At least that is the report from all we can learn. It is rightly dubbed the "North Pole" by the traveling public.

Several horse buyers have been coming into this vicinity to buy horses but do not seem to be able to secure many. The farmers are holding for better prices and they are sure to get them as everyone except buyers agree that there is a scarcity of good draft horses all over and that prices will be much higher later than now. If the eastern buyers are coming in early thinking to get bargains on account of lack of feed or farmers needing money they had better investigate this section before they try it as the farmers have plenty of feed and do not need to sell unless the prices suit them.

Mr. and Mrs. R. W. Parker have purchased a new player piano and are now enjoying all kinds of music. They are very much pleased with their purchase.

George Currey of La Grande was a business visitor in North Powder a few days ago.

Dr. and Mrs. Law were business visitors in La Grande the first of the week.

Mr. and Mrs. Gilbert Gilkinsen were business visitors in Baker on Monday.

Mr. and Mrs. Chris Johnson, Mr. and Mrs. Charlie Mays and Mr. and Mrs. Will Coughanour left for California to spend the rest of the winter. They expect to spend most of their time at Los Angeles.

A number of the North Powder people were attending court in La Grande last Tuesday. Most of them returned home the same day.

The recent cold weather has stopped the gripe which seemed to be almost an epidemic in this vicinity.

Mr. and Mrs. J. O. Miller were passengers on the Tuesday morning train for La Grande.

The death of A. E. Eaton came as a shock to his acquaintances in this vicinity. He was quite well known here as he had owned a large acreage of real estate in this section and his wife has relatives living here. Mr. Eaton was one of the best known men in eastern Oregon as he had lived in this part of the country for so long.

Carl Forstrom spent a few days at his home in Portland and came back to North Powder on Tuesday. Mr. Forstrom may bring his family down later on in the winter.

A great many are complaining of a shortage of fuel but so far there seems to have been no suffering from lack of it. A number are borrowing of their neighbors but there is a wish for some one to get coal or rather that the railroad company would let them have cars to ship in.

The birth of a son is reported to John McPhee and wife on January 11.

The ice men seem to be the only ones that are enjoying the excessive cold weather. They are busy putting up the second crop and if they wish will be able to put up a third if the cold lasts long enough. Mr. Lun has put up his second crop and the P. F. E. will have a few more days work before they finish up.

Some cord wood was brought into town for sale but as it was offered at \$7 no buyers were found. People think that it was too high even if fuel is scarce.

C. R. Tibbetts is putting in a private telephone line from his place to the Law residence.

Dr. Law made a professional trip to Union January 17. He reports the roads well broken and not much snow in the Grande Ronde.

Inactivity Causes Constipation. Lack of exercise in the winter is a frequent cause of constipation. You feel heavy, dull and listless, your complexion is sallow and pimply, and energy at low ebb. Clean up this condition at once with Dr. King's New Life Pills, a mild laxative that relieves the congested intestines without griping. A dose before retiring will assure you a full and easy movement in the morning; 25c at your druggist.

The Town Is Alright! Are You? If you want to live in the kind of a town Like the kind of a town you like, You needn't slip your clothes in a grip And start on a long, long hike. You'll only find what you left behind. For there's nothing that's really new. It's a knock at yourself when you knock your town. It isn't the town—it's YOU. Real towns are not made by men afraid. Lest somebody else gets ahead, When everybody works and nobody shirks. You can raise a town from the dead. And if, while you make your personal stake, Your neighbor can make one too, Your town will be what you want to see; It isn't the town—it's YOU.

Are Your Sewers Clogged? The bowels are the sewerage system of the body. You can well imagine the result when they are stopped up as is the case in constipation. As a purgative you will find Chamberlain's Tablets excellent. They are mild and gentle in their action. They also improve the digestion.

Those Week End Trips. Some objection was raised in the two branches of the legislature to week end trips to the towns where the state institutions are located. The members of the Legislature already this year have received two invitations, one from Corvallis, the other from Eugene, asking the lawmakers to visit those cities at the expense of the prospective communities and view the results that have been obtained from the funds which have been appropriated for the use of the University at Eugene and the Agricultural College at Corvallis. The opponents of these trips assert that the members are pledged to devote 40 days of the legislative term to nothing but the business of law-making, that they have no right to cut off two days from the end of the week for the purpose of gallivanting around the country even though the state is not required to pay the expenses of the trips. These objectors are consistent in that they also oppose adjournment before the end of the week for any purpose. There may be merit in their contention but, on the other hand, it is safe to say that the people of the state, generally, would be satisfied and would get along all right if the Legislature spent the larger part of its time in these trips, so long as they were not made to pay the expenses. The appropriations bill and some other measures are the real important issues and the large majority of the other bills that become laws would not be missed if they failed of enactment.—Pendleton Tribune.

Don't Let Skin Troubles Spread. Red, pimply skin that itches and burns is embarrassing, and gets worse if neglected. Bad skin is a social handicap and a constant source of worry. Correct it at once with Dr. Hobson's Eczema Ointment. This healing ointment kills the germ, soothes the irritation and quickly restores your skin to normal. For babies suffering the tortures of eczema, or for grown-ups who have long fought chronic skin ailments. Dr. Hobson's Eczema Ointment is a guaranteed remedy. At your druggist, 50c.

FEAR, THE TORMENTOR. How many useless torments are ours because of fear! Looking back over my own life, I can see that most of my sufferings were due to fears and that they were all, every one of them, both useless and poison. Of all the demons that ride poor mortals, fear is the most malicious.—Irish World.

Stomach Troubles. If you have trouble with your stomach you should try Chamberlain's Tablets. So many have been restored to health by the use of these tablets and their cost is so little, 25 cents, that it is worth while to give them a trial.
