Coal Condition Same But Storm Threatens

One Car Arrives Today and Is Being Delivered Conservatively — More Are Coming.

Baker, Ore., Jan. 27.—(Special).—Another car of coal arrived in Baker yesterday and with the several that have arrived recently, this is expected still further to remove any danger of a famine for the time being. Other shipments are also known to be on the way to Baker, and will arrive during the week.

The dealers, however, are still conserving their supply for as yet they say they have not enough of the fuel to satisfy all orders completely.

By means of personal letters and telegrams Baker's condition has been brought to the attention of the mine operators and they are now said to be giving special attention to the filling of order from Baker.

It is feared, however, that the stormy conditions in Wyoming may possibly hold up shipments for the next few days. The mails have been delayed today, and the passenger trains are very irregular.

No. 5, due at 7:55 o'clock last evening, passed through Baker at 2:30 o'clock this afternoon; No. 17, due at 6:40 o'clock this morning, and No. 19, due at 9:45 o'clock last evening, will arrive here together at about 7:25 o'clock tonight. No. 5 and No. 19 for tonight have been annulled.

Sell It By The Want Ad Route

The Observer's little want ads do the work. It is surprising how many people turn to them every day and how quickly they meet the eye and bring buyer and seller together.

Look over your premises and see what you have to sell. A want ad describing it will hit the mark and turn something you do not need into cash.

"HELL-TO-PAY-AUSTIN"

With Wilfred Lucas and Bessie Love

"Hell-to-Pay" was the nick-name they gave him back in the Northwestern Mining Camp because that was what happened when his orders were not carried out promptly. He could lick any man in the camp, but his little adopted daughter—Bessie Love—ruled him with one finger.

If you want to see a TRIANGLE PLAY that is real—a picture that makes you feel you were a part of the great Northwest yourself—you should see "Hell-to-Pay-Austin." You'll love little Bessie Love, and Wilfred Lucas will impress you as a real man.
