SECOND STREET VIADUCT CONTRACT SIGNED AND RETURNED BY O-W R & N CO.

O-W. Engineer W. C. Taylor Announces Construction Will Begin as Soon as Possible—Structural Steel Work Started Some Time Ago—Viaduct to Cost \$30,000.

At the meeting of the city commissioners last night the signed contract of the O-W. R. & N. company to build the Second street viaduct was received and accepted. O-W. Engineer W. C. Taylor announced that construction work would begin as soon as practicable and that work at the Albina O-W. shops had already been started on the structural steel parts. Ten arrests were made during the week and \$57.50 in fines collected. Two state cases were included in the ten arrests.

The report of the city manager for the week is: To the Honorable Commissioners of the City of La Grande: Gentlemen:—Herewith, I hand you my report for the week ending January 27, 1917.

The water superintendent has had considerable trouble with frozen water pipes. Seventeen places have been thawed out, requiring some one thousand and sixty feet of pipe to be thawed. A part of the work was done with the steam thawer, and the remainder with open ditches and wood fires. We are keeping a record of all such places and will lower the pipes before another winter. The main opened on T street required a half day's work. The Fish-trap at O-W. R. & N. company's yard required cleaning. Total expense for the week, \$59.25.

The street superintendent reports having made three trips over the sidewalks with the small snow plows, besides the usual attention to the gutters. He also used the larger grader to open the way to the cemeteries. As the Odd Fellows cemetery is outside of the city limits, County Judge Phy offered to divide the expense of this work with the county. Without the use of the grader it would have been impossible to reach the cemetery with the hearse. Total expense for the week, \$34.30.

The fire chief reports no fires for the week, but on account of the snow drifts on side streets he has made provisions for the use of a team and sled to carry fire hose. He also had the street superintendent uncover all fire plugs that had been drifted over.

The chief of police reports ten arrests: two state cases, three charged with drunkenness, and four with disorderly conduct. Total amount of fines collected, \$57.50. Arrested one proprietor of billiard hall for allowing boys under age of 18 years to frequent his place of business. Made conviction and collected \$5 fine therefor.

Telephone line to intake out of commission on account of heavy storms. Will have same up and in operation tomorrow. Extra man in recorder's office will have finished his work by Saturday night, and office will continue with usual force. Have arranged with numerous citizens who are delinquent in their improvement assessments and interest to make settlement during the month of February. Have been making some collections from those whose payments have been allowed to be in arrears from one to four years. Of the several assessments included within the three sewer improvements not yet bonded, the recorder reports only two owners of property as not yet having paid or signed up for installment payments, but that the matter will be closed in two or three days.

Following are the reports of the recorder and treasurer:

City Recorder's Report.

Received—

For rent of ceptic tank prop...	\$ 25.00
For fines	57.50
	\$ 82.50

Disbursements—Nothing.

Issued warrants—

To W. D. Grandy, account balance of claim for damages...	\$ 92.75
Issued licenses to amount of \$45, as per treasurer's receipts on file.	

City Treasurer's Report.

Receipts—

Water rent	\$ 68.66
Interest on assessments	744.66
Installments	993.91
Ret. premium on officer bonds	61.64
Licenses	45.00
Electrical permits	1.00
	\$1,913.97

Disbursements—

Improvement bond interest...	\$ 120.00
General warrants	15.00
General warrants interest...	1.94
Water warrants	4.29
Park warrants	1.50
	\$ 142.64

Respectfully submitted, F. B. CURREY, General Manager.

Substitute Upholstery. As a substitute for horsehair in upholstery, the waste from cleaning Bahama sisal fiber is being used. To a natural loafer, anyone who wants him to do a good day's work is a tyrant.
