

THE DOCTOR AND THE DRUGGIST

ONE PRESCRIBES A REMEDY THE OTHER PREPARES IT

The suffering patient is to be cured—so as quickly as possible a learned physician is called.

The matter of deciding on a remedy is important, but it should be a matter of equal importance to have that remedy prepared just right. It must be prepared accurately and from pure, active drugs.

Prescriptions put up here are invariably right and the price is also right.

Again in Chicago to Get More for Your Money

This week, assembled in convention in Chicago, are over 500 merchants who compose the Retail Commercial Union. Backed with a combined annual buying power of forty million dollars, this organization is now placing orders for Spring and Summer merchandise.

Only such a gigantic force as this could clear away the obstacles of this price-advancing period, that are working serious hardships on the merchant who buys single handed and in turn on the consumer who buys from him.

The R. C. U. Plan is to place large orders at one time, direct with manufacturers. Exceptional price advantages are certain when purchases amount to more than 500 times that of a single store. So our buyer is there to secure for you the full benefit of this new and better way of merchandising.

This in a few words explains why we will be able to give you greater values and maintain broader varieties of Spring and Summer merchandise which will soon be placed on display.

This is the central distributing agency for the R. C. U.

Under the supervision of merchandise experts, over 500 R. C. U. stores are supplied with

\$40,000,000.00

worth of better value merchandise each year.

Better Milk and Why

Because we have supervision over the cows, barns, manner of milking and the handling of the milk up to the time it is received into our modern and sanitary plant.

After the milk reaches us we have up-to-date machinery for washing, rinsing and sterilizing the bottles—A very important feature.

Our milk is bottled by machinery in especially prepared apartment, cement floor with proper drainage and sewer connections, sanitary walls and ceilings with an abundance of steam to clean and sterilize all machinery immediately after using.

La Grande never had such thorough and sanitary service as we are giving you. You know you eventually will be our patron—Begin now.

Investigate the above makes. Some makes of pianos sold in this locality 40 years ago, none, however before the factories were established, and were manufactured. We have no culls, or goods hawked from town to town as we are no annex, thus you save the numerous annex profits. Pianos shipped direct from the several factories, thus eliminating chances of being loaded up with second hand worked over goods.
