Mothers

Who value the health of their babes must not forget to weigh the importance of the milk that reaches their delicate stomachs. Is the milk your baby drinks clean? Do you realize the dangers that lurk in dirty milk?

There is in this city a constant warfare against dirty milk. The P. M. & C. company is waging this war. You, Mothers, who are in doubt about the sanitation and cleanliness of the milk your baby drinks, can see for yourselves how this battle against dirt and the siege for clean milk is waged in our plant, by simply calling at the depot, 1708 1-2 Sixth. There you will be convinced, we are sure, that dirt and disease haven't a ghost of a chance to contaminate the milk we sell.

Courteous explanation of our systems given to any one who calls at any hour of the day.
