Sell It By The Want Ad Route

The Observer's little want ads do the work. It is surprising how many people turn to them every day and how quickly they meet the eye and bring buyer and seller together.

Look over your premises and see what you have to sell. A want ad describing it will hit the mark and turn something you do not need into cash.

Sheep. The firm tone in the sheep trade continues and prices are advancing almost every time offerings are received on the market. There were but two one car of short wethers which was loads of sheep on the market Monday, taken at \$10 and one load of mixed wool ewes and bucks weighed straight at \$9.50. Call from buyers continues, although there are no supplies available.

DODGERS AN UNCERTAIN QUANTITY AS OPENING OF BALL SEASON APPROACHES

BY H. C. HAMILTON
(United Press Staff Correspondent.)
New York, March 1.—The Brooklyn club of the National league, champion of the circuit presided over by John K. Tener, approaches the difficulties of a new season in a very wobbly and uncertain condition. Unless Charles H. Ebbets or some of his ball players withdraw the Dodgers will present a strange front when they take the field on the opening day.

Also, there is a well founded belief that Dave Fultz and his players' strike will take a well aimed wallop at Ebbets and his champions unless everything is called off.

The Dodgers are far from championship timber this year, compared with the array of talent that will be thrown into the field by other clubs. They would have a hard time keeping the pace against Giants, Phillies and Braves even with their full strength out in the open. The punch that carried them into the stretch last year is lacking this spring, for it doesn't carry sufficient power.

On first base the Dodgers will have Jake Daubert unless the Dodger star shows up in such bad health that he can't play ball. His contract, forced from Ebbets during the troublous days of the Federal league, has another year to run to a substantial figure and he has little to worry about for the future. His health has been decidedly bad of late, however, and Fred Merkle or Warren Adams, the latter a likely looking recruit, may have a first base assignment.

George Cutshaw, demon second baseman who jumbled up the world's series for the Dodgers, probably will keep his station if he decides to sign a contract. At last reports he was holding out and had decided to quit the game.

Fred Merkle is to be tried out at shortstop. He has done well in nearly every other position and may supplant Ivan Olson and the various other shortstoppers who have been given chances.

Third base isn't so much of a problem, for the veteran Mike Mowrey did a good job last year and probably will keep right on doing it.

Jimmy Johnston right now is the only outfielder definitely known to be ready to start the trip to Hot Springs. Hi Myers, Buck Wheat and Casey Stengel, the bulwark of attack and defense last summer, have been rewarded with slashes in their salaries. Naturally they are peeved and have announced there will be no signing by them until the original figures are put back. Ebbets has declared he will make another slash if they don't ship in the signed documents.

Otto Miller has the brunt of catching thrown upon him this year through the lack of a good running mate. Chief Meyers is rapidly approaching the final bump in the decline. Zack Wheat, a good looking youngster and a brother of the famous Buck is going to take a shot at it and may stick this time.

Ed Pfeffer is another Dodger whose salary has been nicked by Ebbets. He was one of the most consistent winners in the National league early in the season. He has refused to sign. Sherrod Smith is another. Larry Cheney, Jack Coombs, Wheeler Dell and Rube Marquard are expected to be on hand with a number of recruits when the first squad enters for the Arkansas springs next Thursday. Arrangements have been made to care for a party of thirty-one persons on the trip.

FIFTEEN ACRES OF DAISIES UNWELCOME FLOWER BED

Despite the fact that we buy them by the dozen in the cities, paying a dollar or so for a small bouquet, daisies are a menace to the agriculturist, and a patch or field of them is anything but welcome. The March Popular Mechanics magazine describes the experience of a Nebraska farmer, near Beatrice. Wishing to obtain a good stand of Kentucky blue grass in his pasture, he last season instructed a well known mail order house to ship him several bushels of seed. He prepared 15 acres of land and planted it, exercising particular care. The spring rains came, and following them 15 acres of yellow centered daisies, a luxuriant crop. The unusual sight attracted motorists from miles around and hardly a day passed without parties stopping to pick armloads of the blossoms. It is not clear how the

mistake occurred, but mistake—and a serious one—it was. The company, needless to say, promptly made restitution so that the farmer in the end got a liberal return for his unexpected and undesired crop.

Portland Stock Market Holds Up Strong

Portland, March 1.—(Special.)—All beef stuff met a very good call from the many killers represented. It was an active market throughout and sellers disposed of their holdings early in the day. Medium beef, that is, the kind selling from \$8.25 to \$8.75 was exceptionally good demand. Prices on most all steers were 10 to 15 cents higher, while butcher stuff sold mostly 25 cents higher, in a number of cases 25 to 50 cents advance was made. There was a fairly good supply of 1000 hd. the quality of which was fully as good as a week ago, although it did not meet the larger orders.

Cows, Heifers and Bulls.
There was a fairly good sized spread of cows on the market Monday, although they were mostly of the ordinary to medium kinds. Demand was very good although prices were very irregular. Some early sales were as much as 50 cents higher. The bulk of the sales were only about 25 cents higher than last week, good cows sold at \$7.25 to \$7.50; for several bunches, with fair and medium killing cows bringing \$6.75 to \$7.00. Ordinary light killers were taken around \$6 and \$6.50. A few prime heifers brought \$8.50. There was a large supply of bulls offered the trade and another 25 cents advance was made. One prime light bull sold at \$7.50 the highest price on record for bulls on the open market, while the bulk of good fat bolognas sold from \$6.50 to \$7.

Hogs.
There was a good big even advance of 25 to 35 cents in hog values Monday, and an advance of 50 cents in the bulk of sales compared with a week ago, there was a very good demand, both from focal packers and butchers as well as outside buyers who had good orders. Several loads of prime heavies brought \$12.85, while the bulk of good hogs realized \$12.75 to \$12.85. Pigs advanced sharply with but a very light supply, the bulk of sales being made at \$11.50 compared
