Comets Are In Line To Win Observer Cup

Basketball games will come and basketball games will go, but some games will remain forever, such might be said of the game played at the Y. M. C. A. last evening between the high school team and the Comets; it was some game and was played in true sportsman's style; it was clean and fast. Every player was good natured, and the unusual part was the big score that each team was able to make. While the Comets defeated the high school, yet a score of 50 to 41 shows that both teams played a very fast game.

This victory practically gives the Comets the cup that The Observer offered the winner and at a meeting to be held this week some action will be taken relative to this matter. The Comets have only lost one game and cannot be passed should all the games be played.
