F. E. Stillwell recently made a trip to Montana. He says things are humming in Montana. He bought seven head of cattle and didn't own them fifteen minutes. Some fellow liked them and bought them. Mr. Stillwell didn't say whether he made any money on the deal but we presume he did. He says they are regular "go-getters" up in Montana and what makes things so good is that they will buy and sell anything—even their shirts—but not their wives.

MODART CORSETS Front Laced

Why Look Older Than You Are?

It is astonishing how many women through lack of attention are wearing corsets that give a more mature appearance to the figure than it should have and consequently they appear to be five or ten years older than they are.

It is possible to readily improve that condition if you will come to our corset department and get a trial fitting of the MODART front-laced corset.

See for yourself the youthful and graceful lines this famous corset will give you.

No expense to you—do not buy unless there is a decided improvement—then you should.

The developing of camera films perfectly is not as easily done as many persons in amateur camera work would be inclined to think. If a picture is worth taking, it certainly should be worth developing and printing well. If you are not an adept as an amateur in this it will prove worth your while to have your work done at Silverthorn's Family Drug Store.
