MEDAL FOR ECONOMICAL WAR BREAD
Rome, March 12.—(United Press)—The war loaf made with a pure band is a communion bread in which the whole country

Lives Transubstantiated, Like the body of the Redeemer In the sacrifice of the Eucharist." The Italian Ministry of Agriculture has offered a gold medal to the inventor of a more economical war bread. The above is an inscription

for the medal written by Gabriele D'Annunzio. It hasn't made much of a hit in some quarters, one suggestion being that it is blasphemous and irreverent. No Catholic baker would accept the medal, one newspaper declared.

Hot Lake Specials

Hot Lake, Ore., March 9.—(Special)—Mrs. L. W. Drumsmith of Ladd Canyon is registered at the Sanatorium where her daughter, Gladys, was operated upon last Tuesday. Other local people who have had operations performed this week are Mrs. Amos Davis and Charles Rich of Union, and the Reverend Edwin Deacon of Baker. C. E. Short of La Grande is still in the hospital but is now improving. Guests registering during the past few days include:

Mrs. L. W. Drumsmith and Miss Gladys Drumsmith of Ladd Canyon; Mr. and Mrs. Cato Johns, of Haines; S. S. Thompson, of Elgin; Marcus Spalding, of Almota; W. S. Maher, of Jordan Valley; Mr. and Mrs. Amos Davis and Charles Rich, of Union; Mrs. J. A. Bosley, of Metaline; Mrs. J. E. Benham, Jack Benham and E. A. Magnuson, of Portland; J. Coughline and W. J. Bowman, of Tacoma; Mr. and Mrs. Peters, of Pendleton; Mrs. J. Lewis, of Waverly; C. E. Ransom and Mr. and Mrs. F. L. Celier, of St. Louis; Jessie G. Matlott, J. A. Matlott, E. T. Sloggy, R. OMAR
Even the words blend

Are you casting around for aroma? Try an Omar! It is lively with aroma, rich with aroma, pleasant and delightful with aroma!

Aroma makes a cigarette—they've told you that for years. And Omar is aroma. It's the result of blending rich Turkish with ripe accentuating leaves. Omar omars spells aroma. Even the words blend.

DELCO-LIGHT

ELECTRICITY FOR EVERY FARM

DELCO-LIGHT ON THE FARM

DELCO-LIGHT MAKES ELECTRICITY UNIVERSAL

For the first time electric light and power are available to anyone—anywhere. Heretofore, the benefits of electricity have been confined to those who live in the larger towns and cities. Now Delco-Light makes electric current universally available.

Delco-Light is today furnishing thousands of farm-houses with brilliant, convenient, safe and economical light.

It is furnishing power to operate pumps, washing machines, churns, cream separators, milking machines, vacuum cleaners, etc.

It is lighting country churches, stores and public halls.

It is furnishing light and power to summer homes and camps, to houseboats and yachts, etc.

It is lighting rural railway stations and construction camps.

It is lighting the camps of United States troops on the Mexican border and it is disclosing hidden, long undreamed-of treasures in the depths of Mammoth Cave, Kentucky.

Altogether, over 15,000 Delco-Light plants are in operation, and Delco-Light offices are to be found in almost every part of the world.

Delco-Light is a complete electric plant—the engine and dynamo in one compact unit combined with a set of specially built and wonderfully efficient batteries for the storing of current. The plant is so simple a child can care for it, and so economical that it actually pays for itself in time and labor saved. It operates on either kerosene, gasoline or natural gas.
