AMERICAN LEAGUE RACE SHOULD BE TIGHT

By H. C. HAMILTON (United Press Staff Correspondent) New York, March 28.—The season's journey down the American league schedule should be fully as productive of sensations as was last year's grilling finish. No less than four clubs are due to be in the fight and the balance is such that the issue probably will not be decided until the season is in its closing month.

Detroit looks to be one team which will bear watching. The Chicago White Sox are strong, the Yankees, refitted with good arms and legs, must be counted in and it would be folly to suppose that even a change in management could keep the wonderful Red Sox from making an awful bid for the Ban Johnson bunting.

The tigers have been due to win a pennant for several seasons. Just one thing has hampered them. Correct the faults in the Detroit pitching staff and there will be a baseball club that will tear its way through anything. Imagine a team making six and seven runs a day, only to see the opposition come through with just a few more. The offensive power of such a grand machine is lots in the inability of pitchers to hold the opposition to a few runs. With two good pitchers Detroit should win a pennant, for its stickmen are able to produce the runs.

The same thing might be said to hold good for the White Sox, but there are good pitchers there. The fault is not wholly with the hurlers. The hitters are there to make the runs, and, for a great part of the time, the pitchers are there to do the holding. Comiskey's twirlers lost themselves last summer in the heat of the race, but there is no reason why they should not return. The White Sox need a first baseman and they need him bad. If Gandil can come through the White Sox will develop a dangerously well balanced team.

The Yankees are dangerous, but hardly enough so to be voted a spring pennant. They need more experience as a team, and a trifle more steadiness in the pitching staff.

The Red Sox will supply the enigma for the season. The champions comprise one of the best balanced and best defensive teams thrown together for many years. If the crack doesn't come this year it will be hard to keep them out of another world's championship. A great deal depends on Jack Barry's ability, but the team is so constituted that, if it holds together, "most any one could drive it to a flag.

A Bilious Attack.

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter.—Adv.

ROBERTSON CALLED GREAT AS COB

By H. C. HAMILTON (Unit Press Staff Correspondent) New York, March 28.—This year according to McGraw, Robertson is going to step out as the only real rival of the famous Georgia Peach in all around ball playing. Dave has

added a few promises of his own and it may be that he will forget temperament and try to make them stick. Last year Dave busted into the first days of the season with a few well timed crashes that placed him at the head of the batting list with no trouble at all. He played like a fiend, or a Cobb, and he made such a furore that everyone, McGraw included, said the star had at last begun to shine. But it was premature praise, for Dave stuck a slump, forgot his good resolutions and ended the season with a batting average of 307, barely within the hall of fame.

MISS BJURSTEDT NOT DISGRACED BY DEFEAT

By H. C. HAMILTON (United Press Staff Correspondent) New York, March 28.—The defeat of Miss Molla Bjurstedt by Mrs. May Sutton Bundy is one thing that should add, if anything can, to the play of the marvelous Norwegian women tennis crack. Mrs. Bundy's style of play has held her over every other American woman for some years. She has beaten the best other countries have produced, and she had once before forced Miss Bjurstedt to bow to her prowess.

The driving, smashing style of play that Mrs. Bundy always has combined

with an uncanny ability to hit the wee, wee spots of the courts made it an uncertain match for the Norwegian woman before she went west to play the former American and English woman champion.

Miss Bjurstedt was helpless before the service smashes of her Pacific Coast opponent. She drives hard herself but she was unable to meet her own style of play. The defeat should be one thing to teach her that others can play the driving kind of tennis equally as well as she. It probably will point out to her the wisdom of learning to combat that kind of tennis.

The performances of Miss Bjurstedt in the past have shown that she learns quickly to meet any kind of tennis. Her next meeting with Mrs. Bundy, if ever there is one, should be productive of some great strategy.

The Pneumonia Season.

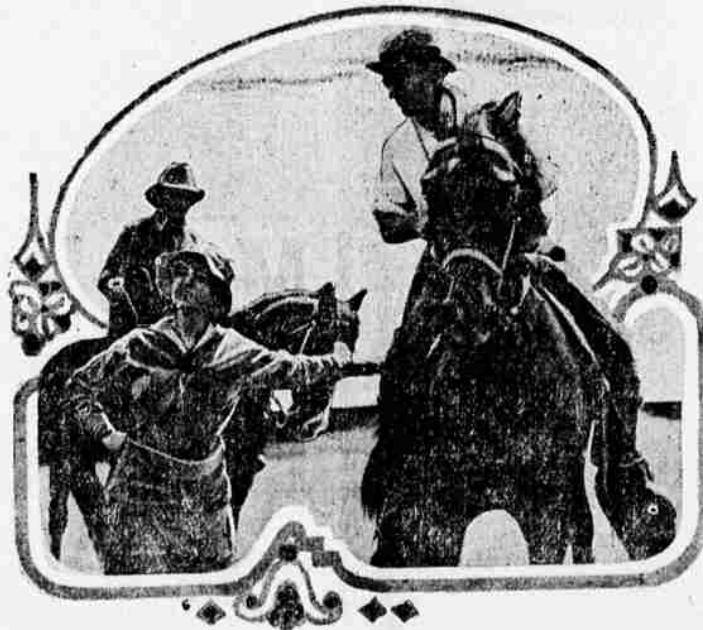

The cold, damp weather of March seems to be the most favorable for the pneumonia germ. Now is the time to be careful. Pneumonia often results from a cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. As to the value of this preparation, ask one who has used it.—Adv.

General of a Motion Picture Army Who Is Never Seen by the Audience

DURING THE MAKING OF GERALDINE FARRAR'S PRODUCTION OF JOAN OF ARC, CECIL B. DEMILLE, DIRECTOR, WAS ON MOUNT FOR DAYS.

Famous generals are said never to have fought in battle, but instead directed their armies from points of vantage. In the bloodless battles of motion pictures the director is the general, but he must lead his armies, although the audience never sees him, or, seeing him, never recognizes him from the multitude.

It is one thing to film on a big scale a modern scene of warfare with men fighting from trenches. It is another thing to stage a great battle of the middle ages when men fought with lance and battleax. During the making of the great battle spectacles in Cecil B. DeMille's production of Geraldine Farrar in "Joan of Arc" Mr. DeMille for days rode horseback with his soldiers, directing the movements of the army, participating in the midst of the most severe hand to hand fighting yet never to be seen by the audiences, as he carefully kept out of the range of the camera.

The photograph herewith shows him in a moment of consultation with Miss Jennie MacPherson, who prepared the Joan story for the screen.

is by no means negligible. Dullness means boredom, not only for the dull man but for the companions of the many ill-voiced to numerous to name and uncountable other catastrophes. Hence, by his dullness alone the dull man is a distinct hindrance to the progress of civilization."

Chamberlain's Cough Remedy a Favorite for Colds.

J. L. Easley, Macon, Ill., in speaking of Chamberlain's Cough Remedy, says, "During the past fifteen years it has been my sister's favorite medicine for colds on the lungs. I myself have taken it a number of times when suffering with a cold and it always relieved me promptly."—Adv.
