"Federal Aid Delayed"—Brown.

Salem, Ore., March 29.—(United Press)—Until the government receives copies of the new Oregon road laws, and an official interpretation secured, the new highway commission cannot be recognized. Federal aid will be delayed, according to an opinion of Attorney-General Brown.

When tobacco was first introduced, most of the countries of Europe enacted anti-tobacco laws.

can stop it in New York. The Frawley bill is doomed and there is little wonder. The way promoters and managers, not to speak of the boxers, have treated their liberties is enough to shame anything into hiding.

And in passing, it is enough to provoke a giggle to witness the fact that in getting revenge on Wenck, for refusing a license to conduct bouts in Madison Square Garden, Harry Pollok gave a perfect impersonation of the man who cut off his nose to spite his face.

WAR PROSPECT HELPING BASEBALL

By H. C. HAMILTON (United Press Staff Correspondent)

New York, March 29.—The prospect of the entry by the United States into the war is doing good for baseball even if it is knocking the lid off everything else. The military aspect of training camps and the patriotic utterances of many men connected with the national game is giving it a stimulus not shown since the days before the battle with the Federal league.

Baseball seemingly is reaching the most rational level it has touched since the Athletics used to clock off a pennant a season. Federal leagues are dead and forgotten and Dave Fultz has long since ceased to clutter up the atmosphere and the magnates' dreams with threats of what the baseball players' fraternity will do.

Players drilling training camps and learning how to help if the country ever becomes involved in conflict is turning more than one man's head toward the sports page where in years past he would have passed it up. Ban Johnson probably never did more to stimulate interest than when he decided favorably upon the military training plan suggested by Captain Til. Huston of the Yankees.

Huston's military appearance and the fact that he served in the army during the war with Spain lends a color of credence to stories that could not have arisen in any other way.

WHITMAN DETERMINED TO STOP BOXING

BY H. C. HAMILTON (United Press Staff Correspondent.)

New York, March 29.—Governor Whitman of New York is determined that before the close of this year boxing will be kicked completely out of New York. His determination, he declared in recent informal discussions, is unalterable. He is opposed to the game from every angle.

The unfavorable publicity the game has received in this city, the unfavorable and unsavory bouts that have been pulled off from time to time, Fred Wenck's unfortunate experience with the hot end of that \$100 check and several other things, have soured Whitman completely.

Wenck's conduct in office was very bad and it was the straw that broke the governor's back. He announced that Wenck would be removed from office and then let it be known in an unofficial way that no one would be appointed to replace the deposed chair-

man of the boxing commission.

Wenck did several things while in office that looked bad, among them being his feat of borrowing \$400 from the manager of a fighter, i. e. small stunt. He repaid the money but Franklin B. Lord, the governor's representative who heard the evidence in charges brought by Harry Pollok, John White and others, held that Wenck acted in disrespect to the dignity of his office in asking for the loan.

As if this were not enough, Wenck permitted his office to be used on more than one occasion as headquarters for visiting managers of boxers who were to appear in New York rings. Not only did he do that, but he even recommended "a hustling young manager of a fight club" to a former manager of Fred Fulton, who asked regarding the stability of clubs. He also indorsed a note for \$2,500 to help this manager stage a match.

These things were bad, they nettled the governor, and he was firmly determined to end the game for all time when the evidence was all in. Nothing
