

Boy's Spring Suits Are Here

A great deal can be said about our boys' clothing. You have only to look at the new pinch-backs, the new belted effects, the splendid patterns in good materials, and the full ample models to admit at once that these clothes are different.

SPRING SUITS WITH TWO PAIRS OF PANTS
\$4.50, \$5.50, \$6.50, \$7.50, \$8.00

SPRING SUITS WITH ONE PAIR OF PANTS
\$3.69 to \$10.00

ARCADE

Marie Doro Tomorrow.

A meteoric rise from a news girl to a society debutante and newspaper reporter, is depicted by clever Marie Doro in the Jesse L. Lasky production "Lost and Won" which will be seen at the Arcade theatre on Friday and Saturday. This unconventional story was written especially for the charming Lasky star by the two noted dramatists, Channing Pollock and Rennold Wolf, and was prepared for the screen by Margaret Turnbull.

The story has to do with a bet which some wealthy men make, that a society girl cannot be made out of a news girl. The cast supporting Miss Doro is composed of such distinguished artists as Elliott Dexter, C. H. Geldert, Sydney Dean, Maym Kelso, Carl Stockdale, Robert Gray and others.

Clara Kimball Young

Clara Kimball Young's numerous friends in this city will be pleased to learn that she will be the attraction at the Arcade theatre on Sunday,

when the World Film picture, "The Dark Silence," directed by Albert Capellani, will be shown. The story is from an original scenario chosen by Miss Young herself and can well be termed her photoplay masterpiece.

The newest Bluebird photoplay, entitled "The Mysterious Mrs. M.," will be presented at the Colonial theatre on Friday and Saturday with Mary MacLaren and Harrison Ford sharing stellar honors. This is a Lois Weber production which gives advance assurance that in every detail the presentation will be artistic and complete. The plot based on Thomas Edgewood's magazine story, discloses the result of confidence one man had in the gifts of "fortune telling" possessed by a famous seeress who predicted that he should die upon a certain specified date. He arranged his temporal plans accordingly, but made no allowance for a pretty girl to step in and upset his calculations. The narrative runs along interestingly to the very end and before the "surprise finish" provides a refreshing climax to an altogether mystifying and engaging story. There is assurance of remarkably fine entertainment when "The Mysterious Mrs. M." arrives.

ARCADE TOMORROW.

MARIE DORO IN "LOST AND WON" LASKY-PARAMOUNT

PACIFIC COAST LEAGUE OPENS SEASON WITH MANY NEW PLAYERS

San Francisco, April 5.—(United Press)—What President Al. Baum declares will be the most successful season in the history of the Pacific coast league was opened yesterday with games in Salt Lake, Los Angeles, San Francisco. Portland played at Salt Lake, Oakland at Los Angeles and Vernon in this city.

Thirty weeks of baseball will be staged in Los Angeles and San Francisco and fifteen weeks each in Salt Lake and Portland. Two games a week will be played in Oakland and Vernon.

It is declared that more new faces will be seen in the coast league lineup this year than for several seasons past. Twenty-five players went up to the major leagues at the close of the 1916 season. Portland contributed the largest number, six; Vernon 5; Los Angeles, San Francisco and Oakland 3 each and Salt Lake one.

Los Angeles, piloted by Frank Chance, the Peerless leader, won the pennant last year and San Francisco the year before. It's an open race today.

One in Every Ten Babies Die First 12 Months, Experts Say

Washington, April 5.—Approximately one in ten of all the babies born in the United States dies before completing twelve months of life, the Federal Children's Bureau announced today in connection with National Baby Week, May 1 to 6. The statement adds: "It was once thought that a high infant death rate indicated a greater degree of vigor in the survivors. Now it is agreed that the conditions which destroy so many of the youngest lives of the community must result in crippling and maiming many others and must react unfavorably on the health of the entire community."

Two thousand, one hundred communities have reported to the Children's Bureau the details of a Baby Day or Baby Week by which they called attention to the need of protecting their babies. This bulletin may be had by addressing the bureau, which continues: "The United States includes 14,186 incorporated cities, towns and villages and it is doubtful if among the thousands which have never had a Baby Day or Baby Week there is a single town or village which would not profit from such a campaign."

Suggest "Justice" As New Name For County

Eugene, April 5.—(Special)—The action of the Eugene Chamber of Commerce on changing the name of Lane county because of the actions of United States Senator Lane of Oregon in Congress when the President's armed neutrality bill came up for a vote has attracted a great deal of attention throughout the state. D. A. Eaton, of Ballston, Polk county, writes as follows: "I see you want to change the name of Lane county. Call it 'Justice' county. I am a voter and am 8 years of age. I voted for Lane, but I am done with him. I am a Democrat, too."

FRUITGROWERS MAY BE AFFECTED BY THIS

Rio De Janeiro, April 5.—(United Press)—California and Florida fruit growers will probably feel the effects of a government decree published here which exempts Argentine fresh fruits from customs duties. This exemption was decreed in exchange for the re-

duction of duties on several Brazilian products in Argentine.

In compensation to the United States for the free importation of Brazilian coffee, was renewed the preferential tariff on American manufactured rubber goods, wheat, flour, condensed milk, dried fruits and other articles.

Hospital Notes.

Dr. J. P. Graham is reported to be improving rapidly in health. Mrs. H. E. Dixon and baby went home yesterday.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; rings out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Sold by druggists, free. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Take Hall's Family Pills for constipation.
