Watch Out For The Preparedness Special

The "agricultural preparedness" special train will arrive in La Grande April 18 at 5:40 a. m. and will leave at 9:20 that day for a trip up the branch.

It will be in Elgin from 2:55 p. m. to 5:55 p. m. on the 19th. It will return to La Grande and be here all day on Friday the 20th.

State superintendent of schools has written County School Superintendent Ivanhoe, calling her attention to the great opportunity that the visit of this train offers to all the school children to receive expert advice on their gardening.

Rheumatic Pains Relieved.

"I have used Chamberlain's Liniment for pains in the chest and lameness of the shoulders due to rheumatism, and am pleased to say that it has never failed to give me prompt relief," writes Mrs. S. N. Finch, Batavia, N. Y.—Adv.

MINNESOTA FARMERS BUY A HUNDRED AUTOS

St. Paul, Minn., April 13.—(United Press)—One hundred autos were purchased by the National Non-Partisan league here today for use in what probably will be the greatest and the hottest farmers political campaign ever waged in Minnesota.

The cars will be delivered within a few days and with these and many others owned by the league, each manned by a non-partisan league organizer, every farmer in the state will be visited.

The league plans to organize the state as completely as the North Dakota farmers were organized when they captured the legislature last year.

"By the time the next political campaign arrives the league will have as members 95 per cent of the farmers of Minnesota, said A. C. Townley, president of the league, here today.

A woman thinks her husband the wisest man on earth the day he leads her to the altar.

Toronto is to have street names painted on the corner lamps.

What Ails Yo.

Have you become run-down, weak, emaciated, pale after a long siege of colds? Does the skin show that the blood is thin and watery? Spring is the time when vitality is at its lowest ebb—clean house now—by ridding the body of its accumulated poisons. Refresh the blood with a stimulating tonic.

Dr. Pierce's Golden Medical Discovery, free from alcohol or narcotics and extracted from roots and barks with pure glycerine, banishes from the blood all poison and impure matter. It dissolves the impure deposits and carries them out, as it does all impurities, through the Liver, Bowels, Kidneys and Skin.

If you have indigestion, sluggish liver, nasal or other catarrh, unsteady nerves or unsightly skin, get the "Discovery" to-day and start at once to replace your impure blood with the kind that puts energy and ambition into you and brings back youth and vigorous action.

Sold by dealers in liquid or tablet form; or send 10c. for trial package of tablets to Dr. F. M. Pierce, Buffalo, N. Y.

MOTHERS OF OREGON.

Albany, Oregon.—"At one time I was weak and nervous; had headache and backache; liver was sluggish, and I was troubled with constipation. I needed a tonic—a constitutional builder. A friend told me about Dr. Pierce's Golden Medical Discovery. I took it and it built me right up, gave me new strength, put my liver in good shape, and helped me in every way."—MRS. ELLEN DODELE, 1118 E. 2nd Street.

a Chamber of Commerce committee. Immediately after an informal reception at the Hotel Benson he was given a ride over the Columbia River highway. Tonight he will tell for the first time in the northwest and the second time in the United States his thrilling story of how he saved 27 companions when their ship, the Endeavour, was destroyed by ice 2,000 miles from habitation and how he then saved seven others trapped on the opposite side of the Antarctic. After the address, Sir Ernest will be tendered a reception in the Heilig theatre. Governor Withycome and Mayor Albee head the committee of prominent citizens of the state in charge of the reception. At midnight the explorer will leave for the north. Sir Ernest is anxious to return to England as rapidly as possible and will make only a few stops on his trip across the continent. He is a lieutenant in the Royal Naval reserve. He will appear in Seattle Monday. Fifteen cities were to be visited in this country, but the number has been reduced.

La Grande Boys Are Now In The Navy

Johnny O'Connell, Joe Corbett, Albert Blinker, Delbert Snider and Hershah Horstman, La Grande boys who left for Portland Monday night to join the U. S. Navy have all been accepted. A card was received from Johnny O'Connell yesterday. All the boys passed fine examinations.

Constipation and Indigestion. These are twin evils. Persons suffering from indigestion are often troubled with constipation. Mrs. Rob-

ert Allison, Mattoon, Ill., writes that when she first moved to Mattoon she was a great sufferer from indigestion and constipation. Food distressed her and there was a feeling like a heavy weight pressing on her stomach and chest. She did not rest well at night, and felt worn out a good part of the time. One bottle of Chamberlain's Tablets corrected this trouble so that she has since felt like a different person.—Adv.

Shackleton in Portland. Portland, Ore., April 13.—(United Press)—Sir Ernest Shackleton, hero and explorer of the Antarctic, was welcomed to the northwest today. He was greeted at the Union station by

Well Improved Small Farm

Sixty acres with ample water rights one mile from high school of Union. Good house, barn and out buildings, well fenced in fact a very desirable home. 25 acres in alfalfa all first-class alfalfa land. No trades considered.

Thirty Thousand British Saloons Go

London, April 13.—(United Press)—Thirty thousand British saloons probably will be closed within the next few months. English brewers themselves have suggested a sweeping measure on these lines as the solution of difficulties arising from the restricted output of beer. At present, they say, there are far too many distributing agencies, a third of which could be put out of business without inconveniencing the public, while trade would be carried on more economically. England must quench its thirst on ten million barrels of beer a year or go thirsty, under the recent government restrictions; and the brewers are hurrying to meet the contingency. In the rural districts, instead of three breweries competing for business in one locality through thirty saloons, twenty of them will be discontinued and one joint firm will supply all the beer to the ten.
