THEY'LL DANCE IN THEIR BARE LEGS BUT NOT IN BOSTON

Cambridge, Mass., April 13.—(United Press)—Even if the city censor of Boston has forbidden them to dance in their bare legs in that palace of propriety, the Harvard Hasty Pudding club boys in their feminine roles will pirouette with undraped legs at their

initial and private performance here. Of course when they go to Boston they'll have to wear stockings in their back to nature scenes from "Barnum Was Right." Censor John J. Casey has decreed that their bare legs would be a shock to discreet Boston. Mayor Curley agrees with him. And that ends it. There will be no bare legs in Boston.

Whether the boys will have to wear

em when they appear on Broadway with their show has not been determined; but it's a fact that the police made the Winter Garden girls put the 'tokies on when they went the limit not long since.

WAR AGAINST GROUND SQUIRRELS WELL UNDER WAY

County Agent Spillman and Biologist R. A. Ward of the U. S. Biological Survey returned this morning from North Powder where the last of the series of Ground Squirrels meetings was held last night.

Since inaugurating this work on April 4 the following localities have organized for combatting ground squirrels along the lines indicated by the representative of the Biological Survey:

Blue Mountain Grange, Iowa Development club, B. F. Durland, president; Mt. Glenn Improvement club, Raymond McKennon, president; Willow Creek Community club, J. McKinnis, president; Telocast Improvement club, Ed Wolf, president; Clover Creek Improvement club, H. Laughlin, president; Wolf Creek Improvement club, Homer Carns, president.

Besides these clubs, Catherine creek and Union have arranged to secure their poisoned grain by cooperating with the Eastern Oregon Experiment station.

Material sufficient to prepare 4500 quarts of poisoned grain have been ordered and in some localities work is already under way. By following the plan of the Biological Survey a saving of about 60 per cent in purchasing and preparing materials is effected. The method used is that which has been used by the U. S. Biological Survey in exterminating ground squirrels on 984,000 acres of National Forest lands.

If the poison is used in accordance with the directions of the Biological Survey, no harm to game birds will

Particular Printing

It pays to buy good printing, because whether it represents a catalog, a business announcement, a booklet, a letterhead or business card, you will be judged by it. Our printers are men of long experience, and we have a shop that is equipped for the highest grade of work. Our prices are not cheap, except in the sense that they are mighty reasonable for the quality of work.

Let us give you an estimate of the next job you have. Phone Main 37. The Observer
