THE FARMER WILL DO HIS PART.

We all like to tell the other fellow what to do. We all know how to run the other fellow's business. If we were bankers we would be "good fellows" and lend other people's money to Tom, Dick and Harry because they are "good fellows" and excellent penoche players.

We believe the farmer knows enough to tend to his own business. We believe the proper persons to work with the farmer are the agricultural experts whom he knows and in whom he has confidence.

The fourth annual convention of the Cattle and Horse Raisers' Association of Oregon is over. La Grande has won much praise and many compliments for the way that the convention was handled and the delegates and their wives entertained.

If Colonel Roosevelt wants to lead a division to Europe let him do it and let those who want to volunteer in it go with him. We are at war with Germany. If 20,000 or 50,000 men want to go to Europe to fight under "Teddy" they should be permitted to do so.

Picked Up By The Stroller

Time leaves no track or trench on J. P. O'Brien. He looks hardly a day older than he did when he was here 25 years ago as assistant superintendent. Mr. O'Brien likes La Grande. He says it is a good town, and he always takes an interest in the boys he worked with years ago.

bought a ticket just like any other passenger and sat in the smoker with his hat pulled down over his eyes. Pretty soon the train stopped. The express agent put on his express; the mail man put on his mail; the passengers got off, and the passengers got on. Still the train tarried. Why hurry when there's all day? Pretty soon J. P. got off the train and walked up and down the platform.

Please inform me when this train will pull out. Conductor refuses to tell.—J. P. O'BRIEN.

In about two shakes of a lamb's tail, the conductor got a message to pull out and he was put "hep" that the new general manager was on board. The engineer made up the lost time. The conductor came back and tried to talk to J. P. The latter was silent. The conductor received a telegram to call in to headquarters where he received a 30 days' suspension.

W.O.W. Make A Concession

The Woodmen of the World, through its head consul and head clerk has suspended payment of an extra rate during the war. The announcement is as follows: To the Officers and Members, Woodmen of the World, Esteemed Neighbors: Believing that the unanimous sentiment of the members of

the Woodmen of the World is favorable thereto, I hereby suspend that provision of the constitution requiring the payment of an extra rate by those of our membership who are now enlisted, or may hereafter enlist in either the Army, Navy or Marines, under the flag of the United States.

The fundamental purposes of our order are essentially patriotic; our neighbors are eager to respond in time of our country's need. The society itself, therefore, is fully justified in doing its part and thus carry into practical operation, the "four-square" principle of our order.

Fraternally yours, I. I. BOOK, Head Consul. C. V. BENSON, Head Clerk.
