Old Glory In France

BY J. D. GILLILAN.

Old Glory in France!
What a mighty advance
This leader of Liberty takes!
He strides over seas
To the nations whose knees
Are bowed to the God of the right
Day and night while they fight.
And the throne of crowned infamy
Shakes to its base at the sight.

Old Glory in France!
At the front; in advance,
Waving out the glad word
That the "flag of the free"
From the "home of the brave"
Crosses ocean's wild wave
A redeemer to be!
For the peace of the world
Is Old Glory unfurled,
And forever hoisted fast
To the head of the mast.

Old Glory in France!
How the children will dance
In La Fayette's land
Where the unconquered stand
By the red white and blue
And the tri-color true
In blended communion,
A sanctified union;
The mother will sing in her jubilant
Joy
For this unified aegis protecting her
boy.

Thus we send France our love
That never grew cold;
We send her our gold
And we send her our sons;
But we send her Old Glory
To float o'er her guns.
—Boise, Idaho, May 1, 1917.

Tax It To Death.

As soon as an institution becomes useful, we say it is mischievous, and begin legislating and taxing it out of existence. The money thus collected is often worse than wasted; it is used to feed mischief makers and idlers.—E. W. Howe's Monthly.

W. H. Bohnenkamp would call your special attention to their advertisement of the U. S. Cream Separator, found on page 2 of this paper. They are able and anxious to demonstrate conclusively the features which make this separator superior to any other. The users of the United States Cream Separator comprise the best class of dairymen everywhere. This is shown by the fact that over 150 prizes at the 1916 National Dairy show were won by users of the United States Cream Separator. In fact, the biggest prize winner of all those exhibiting, uses a

Wouldn't it be a pleasure to have the only Separator that is truly sanitary from top to bottom?

Wouldn't it be a pleasure to have the only Separator that retains these qualities after the tenth year, the same as after the first or fifth years?

The mere turning of a crank cleans the U.S. sanitary nickel silver skimmer (found in no other separator)—so easy a child can do it.

See if you can find such superb cleaning and sanitary equipment in any other Cream Separator. If you cannot, then buy a U.S.—the World's Record close skimming separator.

ARCADE

COMPLETE CHANGE OF PROGRAM TODAY.

Today only will witness the regular weekly Hippodrome Vaudeville show. This week's bill is up to the usual high standard of the Hippodrome acts and consists of singing, piano playing and an illusion act.

Madame Gelli who appears on the bill has a magnificent soprano voice. She has studied under Carlo Carignani, famous as the teacher of Caruso and was playing an engagement with Caruso in Italy when the war broke out. Levy and Cooper are two kids with a world of musical talent.

They have a very novel piano and vocal act which is entirely different and entertaining. They have a lot of comedy too which is amusing. The Hadji Sambolos Chamber of Mysteries who will appear on this week's bill are a headliner presenting a novel offering in black art, reproducing in pantomime the story of the old man who sells his soul to Mephistopheles to become a youth again. The act offers a long list of uncanny feats and puzzling tricks bounds to confuse the most skeptical audience, combining comedy, pathos and artistic posing. By making chairs, skeletons, etc. appear from space and disappear as abruptly, Prof. Sambalo obtains effects of such startling nature that the audience is held spell-bound from start to finish so mystifying and seemingly impossible are some of the feats that are being accomplished.

In addition to the above acts an entirely new picture will be shown. It is a stirring story of the South when horse racing was at its prime. Blue Grass is the name of the picture and as the film unrolls and the audience is taken through the different scenes and the big race is run off before your eyes the interest is very intense and one almost forgets that it is only a strip of film.

The first show tonight will begin at 7 o'clock and the second one at 9 o'clock.
