

Start Your Fight Against Flies

The time to make an effective war against flies is when they first begin to appear. The first few, if permitted to live, will breed a million more to torment you later.

Flies are a menace to health and life, because they are bred in filth and carry disease germs wherever they go. In your fight against flies select your weapons from our stock of

Poison Fly Paper, Sticky Fly Paper, Insect Powder, Fly Swatters, Etc.

We have all of the effective fly destroyers. For health's sake do your part in the war against flies.

A Hanson has purchased from B. F. Walling, the building just south of the Centennial Hotel and adjoining Hanson's place. This is a good property and in one of the best locations. Mr. Hanson does not say to what use he will put the building and has no idea of moving his own business for the present time.—Union Scout.

**La Grande Boys Are
At Mare Island Yard**

Mare Island, Cal., May 6.—(To Editor The Observer)—I have found everything just as Sergeant Rice at the recruiting office there said it was, and I am very much satisfied with the work of the Marine Corps. Have finished drilling now and will start rifle practice. I can say that I met with a good class of men here. If they are not good they make them good in character and physically, and you are treated the best in the world. I haven't talked with a single one that is sorry he joined the Marine Corps.

Yours truly,
HEBER W. CONRAD.
