Sinclair sings in a beautiful soprano voice. Here it might be stated that Miss Sinclair was taken for a local lady and the Arcade management had a hard time to convince some of the audience that Miss Sinclair is Mrs. Ball in private life and hails from California. The lady wears some stunning gowns and the act stopped the show—the audience wanted more. Tonight will be the last night of this show in this city in connection with the regular picture program.

SIXTEEN IS "FATTY" ARBUCKLE'S LUCKY NUMBER.

Those Figures Inextricably Entwined With Developments in Screen Star's Career.

Ever since his arrival in the world—a world which has been made so happy by his existence—when the stork's scales registered his weight as 16 pounds Roscoe "Fatty" Arbuckle's lucky number has been sixteen. These figures are inextricably entwined with his thread of life and so many momentous things have occurred on the 16th that the screen comedian has become more than superstitious about the symbol. It is a religion with him now.

Not only did he weigh 16 pounds when he first saw the light of day, but he was born on the 16th day of March, 1886. He has been 16 years in the theatrical profession and was married to Minta Durfee on the 16th of the month.

Negotiations for his present business affiliations with Joseph M. Schenck were begun on the 16th of last December, consummated on the 16th of January and the contracts formally signed on the 16th of February. On March 16th he left Los Angeles on his triumphant journey across the continent to begin work in New York on his first Paramount comedy, "The Butcher Boy," which was released April 23rd, by Paramount on the open market plan.

Originally the intention was to release "The Butcher Boy" on the 16th of April but exchange conditions necessitated the date being set back one week. But even in this instance the number sixteen could not be sidetracked for there are 16 people in the company appearing with him in "The Butcher Boy," and there will be 116 prints made of this Paramount Arbuckle comedy.

Further evidence of his association with the figure 16 is provided by the fact that he is a member of 16 clubs.

Propellers of Nation Discuss Draft.

New York, May 10.—(United Press)—The probable effect of the draft upon the electrical industry was discussed today in an executive session of the National Electric Light Association here. The association has abandoned its plans for an immense electrical show and convention at Atlantic City June 1.

The extent to which the industry can redistribute its 150,000 employees allowing men for the army and still light and propel the nation was the major question brought up. Whether men drafted should be assured their positions on return from the army, whether pay should go on, and a policy on pensions were discussed.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

SHERRY'S

"THE SPOILERS" AT SHERRY'S FRIDAY AND SATURDAY.

"The Spoilers" which is to be presented by W. N. Selig at Sherry's for a brief engagement of two days, Saturday and Sunday, holds an undisputed record of playing to more people than any other picture which has ever been produced. In New York, Chicago, Los Angeles, San Francisco, Portland and Seattle, thousands were unable to gain admission. In San Francisco the local theatre management opened their doors at 9:30 in the morning. This is unprecedented

in the history of the motion-picture business. Still they were unable to accommodate the lovers of silent drama, and thousands were unable to view this most marvelous production.

ARCADE

Marguerite Clarke Tomorrow. Marguerite Clark has played almost every conceivable character on the screen from the delightful little "Molly Make Believe" and "Little Lady Eileen" who believed in fairies to "Snow White," who was a sort of fairy princess herself. But during the time that she has been appearing on the screen the Famous Players have never

given her the role of an actress until she played Fifi in "The Fortunes of Fifi" which is the Paramount picture at the Arcade theatre tomorrow.

The story, which was written by Molly Elliot Seawell, concerns a little French actress and her aims, ambitions, romance, near-tragedy and final good fortune. In it Miss Clark does some of the most delightful work of her screen career with a delicate touch that is refreshing and irresistibly charming.

"HIPPI" ACTS MAKE HIT.

The three act Hippodrome vaudeville show at the Arcade last night was certainly all knock-outs; each act was met with great applause and the audience was loth to let each one give way to the other.

Tom Queen and La Petite Ruth opened the performance. Their act is comedy dancing, singing and monologue and Mr. Queen with his funny sayings and dancing kept the audience in an uproar. The DeBeers Sisters are beautiful girls and beautiful dancers with beautiful costumes. Their act is a very high class variety of character and toe dancing. The incidental music for the act is beautiful. Next comes Ball and Sinclair with an act that has never been excelled in the city. Mr. Ball can and does play the banjo and before he was through the audience was carried away with the rhythm of his raggy music. Miss

Announcement of Candidacy

W. H. BOHNENKAMP CO. ANNOUNCES the candidacy of

for a prominent place in your home.

- ☐ If elected your best fat will be most perfectly supplied.
☐ In what other Cream Separator can you find these most important features or their equal?

Sanitation

The solid Nickel Silver Skimmer never rusts. The tinned steel of other separators soon rusts, gets hard to wash and unsanitary.
The U.S. Mechanical Washer reduces still further the small labor of washing.
The removable Liner keeps the bowl chamber sanitary, also the entire frame outside and inside.

Convenience

Crank or Pulley can be used alone, on either side, or together on opposite-sides, interchangeably.
Bowl empties itself automatically.
Supply Can slides back and forth—no heavy lifting.

The U. S. holds the World's Record for close skimming.

These are but a few of the many U.S. advantages that you can't find in other separators. Now see if you can.
