

Toilet Water

That Reminds You of a
Bouquet of Real Violets

Our toilet water is celebrated for its wonderful reproduction of the flower odor. It is refreshing and invigorating after the bath or after any form of exercise. It also imparts a delightful fragrance to the sick room. This toilet water is full-strength and but little of it is required at a time. It is, therefore, more economical to use than other makes.

Honor Guard Gives Liberal Donation.

Last evening the Honor Guard Girls voted to donate to the Army Y. M. C. A. the sum of \$10; to the local Y. M. C. A. the sum of \$15. Miss Stanford who is state manager of the Honor Guard through her efforts and work outside of her office hours for the Guard has broken down her health. To reward her for her efforts the 65 Honor Guards in the state plan each to give one dollar a month for her salary and Portland giving \$10. The guard will take up military training as part of their regular work; from now on their uniform will be white middie suits, blue collars and red ties. A social is being planned for the public in the tennis court of the Y. M. C. A. after the close of school. The cards of the Food conservation committee have been finished and filed.

SUFFERED FROM BACKACHE AND KIDNEY TROUBLE FOR YEARS.

Dear Readers—I wish to tell you that I suffered from backache and kidney trouble for years. I heard of Doctor Pierce's Anuric Tablets and I tried them. They cured my backache. I hope people that are troubled with backache will give them a good trial. I am sure they will not fail to benefit.

Yours sincerely,
MRS. GEO. DEMING.

NOTE: Folks in town and adjoining places are delighted with the results they have obtained by using "ANURIC," the newest discovery of Dr. Pierce, who is head of the INVALIDS' HOTEL and SURGICAL INSTITUTE, in Buffalo, N. Y. Those who started the day with a backache, stiff legs, arms and muscles, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort and new strength they obtained from Dr. Pierce's Anuric Tablets. To prove that this is a certain uric acid solvent and conquers headache, kidney and bladder diseases and rheumatism, if you've never used the "Anuric," cut this out and send ten cents to Doctor Pierce for a large sample package. This will prove to you that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector. If you are a sufferer, go to your best druggist and ask for a 50-cent box of "Anuric." You run no risk for Dr. Pierce's good name stands behind this wonderful new discovery as it has for the past half century for his "Golden Medical Discovery" which makes the blood pure, his "Favorite Prescription" for weak women and his "Pleasant Pellets" for liver ills. All Dr. Pierce's medicines can be had in Tablet form—by mail or at drug store.

hatred rather than to his reason, the opponents of the bond issue sum up their defense by saying the people of this state can better afford to move slowly than embark upon a plan which may lead to wrecked homes and ruined fortunes and may take the bread from hungry mouths.

Great guns and little fishes! What a horrible picture to face! Wrecked homes! Ruined fortunes! Starving children! All this if anything should happen that the automobile license fees should fail to pay these bonds.

"What are the facts:

"If every other source of income should be shut off and we were absolutely forced to pay off these bonds and the interest by a direct property tax, it would amount to 42-100 of a mill per year to pay the principal and interest; or, in other words, 42 cents for each \$1,000 assessed value. Is it possible that such an added burden as this will lead Oregon to wrecked homes and ruined fortunes and starving children?

"I am, indeed, very sorry that our good friends who are opposing these bonds, many of whom are my personal friends, and whom I hold in high esteem, should see fit to use such misleading arguments that appeal not to the reason but to the prejudice of the people, in their attempt to defeat this road building program.

"Without any personal reflection of any kind, I want to say this, that Oregon today is honeycombed with suspicion and distrust. She is tied to the post with the halter of wanting confidence. We never can hope to make progress as a state until this condition is overcome. No business enterprise can succeed when the partners lack confidence and are suspicious of each other. No home can be happy where the members of that home distrust each other and no state can succeed and make progress when people lend

themselves to the destruction of confidence in those who are honestly endeavoring to do something for the good of all the people.

"I want to say this, in all kindness, that that man who goes about the state pointing the finger of suspicion at others, arraying class against class, and destroying the confidence of the people is a menace to the welfare of the state. If he does such things with malicious intent, he becomes an undesirable citizen and the quicker his address bears the mark of another state, the better it will be for this grand old state of Oregon."

LEGAL NOTICE.
