In Extraordinary Problems

The business man is used to meeting ordinary problems. It is when unusual conditions arise that he feels the need of outside advice.

Our Officers are naturally in a position to accumulate a fund of business and financial data which is not so readily available to the average business man.

This information is freely at the command of the business interests of this community.

Bigger and Better Ford Car Tires GOODRICH

375 SIZE (31 X 3 3/4 INCHES) 375 BLACK SAFETY TREAD TIRES

THE balance line for the Ford car is drawn, and the sum total of its perfection struck with that new Goodrich tire, the bigger and better Ford car tire—Goodrich's "Three-Seventy-Five."

Of SUPER-SIZE and SUPER-STRENGTH it not only meets the INDIVIDUAL NEEDS of the Ford car, —but DOUBLES its VIRTUES.

New as today, it is nevertheless already familiarly known by the knowing as—

Goodrich's "Three-Seventy-Five"

That's its size: Three and seventy-five hundredths inches in the cross section. And it's an inch bigger too in the circumference.

Its heroic size, however, is designed to fit 30-inch rims on Ford cars. It is made solely with the five-finger safety tread.

It costs but little more than ordinary tires at the outset; and the natter appearance and added comfort it gives your Ford car, and its own greater dollar ECONOMY, make it the better buy in the end.

After All—

WE Could tell you that the Mitchell is the most beautiful car made, that it has the most wonderful motor, is the easiest riding and best equipped. "They all say that" you would say and put it down to over enthusiasm on our part.

We know that you buy your car on what you see and feel, on your own judgment, so in this ad we are simply asking you to call and inspect the new Mitchell Six, then let us get out on the road together, you take the wheel and form your own opinion of its road qualities.
