### THE WHAT-YOU-MAY COLUMN

By "GM" Beds.

The bed was originally designed as a soft spot for the tired man to lie on.

Most hotels and some private houses have utterly missed the idea. The average hotel bed is either hump-backed, sway-backed, suffers from lumps or is otherwise deformed.

Next to point of atrociousness is the sanitary couch. It may be sanitary but it doesn't even possess the advantages of that old-time instrument of sudden death, the folding-bed. The folding-bed would occasionally serve to shut a man's wife up when nothing else could, but the sanitary couch can't even do that.

Then there's the narrow, hall-bedroom bed. This type has to be fitted with stirrups before you can climb on it.

### Worms Handicap Your Child.

Don't let your child be dragged down by worms. Full directions on the box. At your druggists, 25c.—Adv.
